FIRST NATIONAL PHONE STRIKE NEARLY OVER

Yesterday's Settlement Virtually Ends Nationwide Tieup.

By The Associated Press

WASHINGTON, May 21—The return to work today of 20,000 Western Electric installation workers virtually winds up this country's first nationwide telephone strike.

Only two disputes—between the Western Electric Company and equipment workers at Point Breeze, Md., and Lincoln, Neb.—remain of the scores which brought on the walkout April 7.

At one time 340,000 persons were idle, but that number shrank fast in the past two weeks, after four independent unions in New York City settled for a $4 weekly pay increase.

The installation men, employed in 42 states were able to keep other telephone workers from their jobs by picketing major exchanges.

They settled for barely one-third of the flat $12 weekly pay increase which they had demanded.

The installation workers received average increases of 11½ cents an hour or $4.60 a week.

VOICE WITH A SMILE BACK AT SWITCHBOARDS

By The Associated Press

CLEVELAND, May 21 — The "voice with a smile" returned to Ohio's switchboards today after 44 days of the worst strike in the state's history of telephone service.

Asserting that "normal handling of all telephone calls in the state" was being restored, Ohio Bell Telephone Co. President Randolph Eide said "full installation and repair service will be resumed as soon as supplies held up by the Western Electric strike are released. Orders that have been delayed will be handled first."

Ohio federation members agreed last Saturday to accept a $4.95 weekly wage increase and end their walkout, which began April 7.

Foremen Strike At Ford Company

By The Associated Press

DETROIT, May 21—An estimated 3,800 foremen began a strike at the Ford Motor Co. at 10 a. m. today.

The company said its Rouge and Lincoln plants were first affected. There was no immediate report on the Highland Park unit. All are in the Detroit area.

Initial reports indicated the strike affected only Detroit plants.

There was no immediate comment from the company after the Foreman's Association of America, (independent) ordered its members off the job. A later statement was promised.

Robert H. Keys, president of the union said the strike received unanimous approval of the Ford chapter of the FAA Tuesday night.

A spokesman for the union predicted that the walkout would halt auto production at Ford "within 10 days."

Filed Notice April 17

The FAA filed its strike notice April 17 and the 30-day waiting period, which expired Saturday, was extended to permit a conference with company officials earlier this week.

A contract between the company and the independent union was terminated almost simultaneously by both side early in April. Ford later offered a one-year's renewal of the pact

Keys outlined the chief issues at dispute as raiding of ranks of the unionized foremen at Ford, failure to equalize the wage structure, recognition, shift differentials and overtime pay, and what he labelled "arbitrary actions of the company."

UAW To Pass Lines

Keys said picket lines would be established "for supervisory employes only" and that CIO United Auto Workers in the three Ford plants here would not be asked to respect them.

Plants affected are the Rouge, Lincoln and Highland Park units.

The union leader said Henry Ford II took part in a two-hour conference Tuesday that ended in a deadlock.

He said the company demanded a renewal of the old contract "with no amendments" for one year, while the FAA insisted upon certain alterations in the terms.

"With our contract terminated, we felt free to strike," Keys added.

The foreman's association struck the Ford plant twice before obtaining its first contract in 1944. There had been no strikes since that time.

Elected with the new state deputy were: Paul R. Gruhler of Dayton, secretary; Jack M. Malloy of Findlay, treasurer; Joseph C. Allen of Columbus, advocate and Lawrence N. Rogers of Warren, warden.

Approximately 30 members of the local council attended the convention.

Fliers Bail Out Over Texas As Plane Blazes

By The Associated Press

ABILENE, Texas, May 21 — Twenty army airmen parachuted from a burning B-29 last night before it crashed near Merkel, Texas, 16 miles west of here, and 13 of them were injured in landing.

At Roswell, N. M., the plane's base, the public relations office said it had accounted for 18 of the fliers.

Four received broken bones when they fell heavily in the darkness and nine others were less seriously hurt.

The plane was seen in flames as it passed over Sweetwater, Texas., at dusk. The civil aeronautics administration said that the pilot, Capt. Alfonso Camerena, reported the fire started in the No. 3 engine.

Police, firemen and citizens of the surrounding countryside immediately began a search for the men, who started bailing out soon after the plane passed Sweetwater.

Philippine Presidential Plane Lost in Wilds

By The Associated Press

MANILA, May 21—President Roxas tonight announced the loss of the presidential plane Lili Marlene in the wilds of northern Cotabato in Mindanao.

The plane was carrying from 12 to 15 government officials.

The four-engine C-54, formerly the personal plane of Lord Louis Mountbatten, was last heard from at 9 a. m. Sunday when it took off from Iliayas airfield at Cotabato bound for Bacolod, Negros island.

The list of passengers given out by Roxas included Judge Francisco Zulueta, Rafael Alunan, Col. Edwin Andrews, chief of the Philippine Army Air Force; and Dr. Alfredo Paredes.

The Lili Marlene carried a crew of eight, with top Army pilots.

The plane was scheduled to fly to Paris to return vice president Elpidio Quirino and his party to the Philippines.

The greatest aerial search in local history will get under way today. Army, navy and commercial airlines planes will join in hunting for the missing aircraft.

HIGH OFFICERS AMONG DEAD

B-25, Carrying 7, Splattered Over Cornfield Near Champaign, Ill.

By The Associated Press

CHAMPAIGN, Ill., May 21—Two top army flying officers and five other soldiers were killed last night when a B-25 crashed in a cornfield during a violent thunderstorm, the army announced today.

The dead included Col. Raymond E. O'Neill, 52, a 30-year army veteran of both wars and AAF balloon expert, and Col. George A. Whatley, 45, who had served in the army since 1925 and headed the mobile training unit at Chanute field, near Champaign.

Was Brigadier General

O'Neill, who was a brigadier general in World War II, commanded Chanute field from 1940 to 1944 and later was executive officer.

Their ship was bound for Chanute field from Cheyenne, Wyo., at the time of the crackup last night.

The Army did not make public the names of the other five victims pending notification of next of kin. Officers said this might take several hours.

Ekke Flesner, in whose freshly planted cornfield the ship crashed, related "an awful thump" wakened him last night. It sounded like a bolt of lightning, he said, but he went to window and peered out, Seeing nothing in the drenching rain, he went back to sleep.

This morning, Flesner said, his brother-in-law called him and asked "what's that in your field?" Flesner went out and found the pieces of the big airplane and counted seven bodies.

The body of the ship lay about 250 yards from the Flesner residence and the motors a quarter mile away. The plane did not take fire.

Army officers at Chanute field were attempting to obtain a listing of the flight from Cheyenne authorities before confirming the number of dead. They said several hours might be required before the death toll could be verified and the names of the victims made public.

SOFT SPOTS IN ECONOMY SHOW

Labor Dept. Report Notes Increasing Factory, Building Slump.

By The Associated Press

WASHINGTON, May 21—The bureau of labor statistics reported today that an April decline in industrial employment and a poor showing in the construction field "point to soft spots in our economy which will need careful watching."

The slump in factory jobs was the first since the reconversion law in February, 1946, said a report by BLS commisisoner Ewan Clague.

He blamed "resistance to high prices" for a disappointing rise in construction, where sharp gains had been expected.

Clague did not join those economists who predict that a recession soon will bring widespread unemployment.

May Last 2 Years

"We are on a crest, but the crest may be a plateau on which we may stay for some time—perhaps a year or two," Clague told reporters following issuance of a new BLS monthly report on employment.

"More industries are reaching their temporary saturation point—the point where they will have to readjust to a more normal post-war market."

Manufacturing employment fell off 140,000 in April, the BLS report showed. Total non-farm employment declined 358,000, but this figure included the soft coal miners' "safety stoppage" and persons idled by the telephone strike. Farm employment rose by some 500,000.

The falling-off in factory jobs showed up mainly in the soft goods"—textiles, apparel, tobacco, leather and rubber. The report said "construction activity, which had been counted on to bolster employment later this year as weakness developed in soft goods lines, showed only a moderate seasonal increase, rather than the hoped-for sharper gains."

Only Normal Rise

It added the upturn in building employment was about 106,000 in April, or "at best" only a normal spring rise.

The most significant lag was in the start of new houses. About 62,000 new permanent dwellings were begun, or 4,000 below the April, 1946 level. This was the third successive month in which new dwellings failed to equal the number started in the corresponding month of last year.

Total non-farm employment was reported at 41,708,000 or "still at the record level which has prevailed since last fall after taking into account the usual seasonal ups and downs," the BLS commissioner said.

Unemployment, reported at 2,400,000 is "near the minimum generally considered unavoidable in an economy where people are continually free to change jobs," Clague said.

Mrs. Truman "Holding Own"

President Says Mother Better After "Not Too Good a Night."

By The Associated Press

GRANDVIEW, Mo., May 21—President Truman told reporters today that his mother, gravely ill at her home here, was "holding her own" this morning.

While 94-year-old Mrs. Martha E. Truman did not have "too good a night," the President said, "she is doing as well as can be expected."

She's still very weak," the President added, then, he continued, almost prayerfully, "hope springs eternal."

The President's conversation with reporters took place as he left his hotel in Kansas City to drive to Grandview for another day with his mother.

Skips Morning Walk

The President did not take his usual before-breakfast walk remaining in his apartment to work on official papers.

Despite her "very tired and weak heart," Mrs. Truman rallied early last night.

The presence of the President at her bedside kept national attention focused on the sickroom drama.

The President—the son she brought up on her nearby Missouri bottomland farm—was directing the affairs of government from her modest, frame bungalow, and a hotel suite in nearby Kansas City.

To Remain Indefinitely

The critical nature of his mother's illness has brought about his decision to remain in Missouri indefinitely. Tentative plans have been made for him to sign the $400,000,000 Greek-Turkish aide measure—a key part of administration foreign policy—at Kansas City tomorrow afternoon.

The signing originally was scheduled for last Monday at the White House where an elaborate ceremony, involving important congressional leaders, had been set up.

It embraces Mr. Truman's enunciation of a policy of supported weaker countries to enable them to resist encroachment from outside.

Rallies After Bad Day

Despite her grave condition, the President's mother rallied surprisingly last night after a disappointing day that left him worried and despondent.

It was a little more than three hours after Mr. Truman, turning in at the Hotel Muehlebach in Kansas City following a day-long vigil with his mother, had reported her "a little weaker" after a bad day, that words of a favorable change came from Brig. Gen. Wallace H. Graham, the President's physician

Graham said that after the President's departure the elderly patient "put on quite a rally" which left her "feeling better than she has in the last three or four days."

BROTHERS HELD FOR BURGLARY

2 Marion Men Arrested After Bucyrus Store Window Is Looted.

Marion police at about 3:30 this morning recovered merchandise valued at $200 which had been stolen from a Bucyrus jewelry store earlier in the night.

The jewelry was found in a car in which Fred Little, 22, and Jessie Little, 23, brothers, of 822 Kenton avenue, were riding. Police stopped them for investigation on North Prospect street.

Bucyrus police officers Spaith and Trucks came to Marion this morning and took the brothers to Bucyrus. It was reported from police headquarters there today that charges will be filed tomorrow.

Both men are parolees from the Mansfield reformatory, having been sent there after conviction on a breaking and entering charge, police said.

The merchandise was stolen from the Bowers Jewelry Shop and Mr. Bowers came to Marion with Bucyrus police this morning to identify it. He said a display window in his store had been broken and the merchandise removed through the opening.

Found in the Little car were a men's gold wrist watch, a men's service wrist watch, a ladies' gold watch, two ladies' bracelets, a locket and chain, a tie set, two cigar lighters, two pen and pencil sets, two men's gold stretch bracelets, a plastic case and an empty bureau box.

Police say the brothers told them they took the goods from a city about 20 miles north of here which they believed to be Upper Sandusky. Police checked there and no incident had been reported so they checked Bucyrus, finding that the burglary had been committed there.

Wind and Rain Storm Hits Galion

Special to The Star

GALION, May 21—High wind accompanying torrential rains this morning cut a path over a block wide across Galion from the southwest to the northeast section. Many large trees were down throughout the storm area. Observers said the heavy wind lasted about five minutes, striking about 10:45.

An automobile owned by Dr. Charles Griebling parked in front of his home was badly damaged when a large tree smashed the hood and radiator. Minor damage was reported to telephone and electric light wires. Traffic on route 30-south which passes through Galion was blocked and motorists were forced to detour when several trees fell across the street.

At noon today no injuries or damage to buildings had been reported.

Mansfield Stolen Car Here on Return Trip

Kenneth G. Wolfe of Mansfield has been having a hard time keeping track of his car lately. Monday he parked it and when he went into a store to get change to deposit a nickel in the parking meter, it was stolen, Marion police recovering it here.

Yesterday at about 8 p. m. the car was taken again and again the police recovered it here.

The car was found both times at the same place, a Marion factory parking lot.

Rep. Smith Calls RFC "Threat" To Private Banking

By The Associated Press

WASHINGTON, May 21—Rep. Frederick Smith of Marion, Republican representing the Eighth Ohio district, declared today that operations of the reconstruction finance corporation constitute a "threat" to private banking.

His opinion was advanced after John D. Goodloe, chairman of the RFC board, told the house banking committee — engaged in a study of government financing—that the RFC took only loans which private banks didn't want.

Goodloe said RFC "is not in business to make a profit, yet hopes its operations will be on the plus side rather than the minus side." He added that they are designed to "benefit the whole economy of the United States."

Smith countered with the assertion that RFC does not have to pay taxes on its earnings or pay out dividends to stockholders.

OTHER VACCINATIONS SET FOR SMALLPOX

200 Given Vaccine at Caledonia by Health Department.

Systematic vaccinations to be given at various localities throughout the county are being scheduled by the Marion county health department following the discovery Sunday of a case of smallpox at Caledonia.

Approximately 200 persons were given vaccine at Caledonia school Tuesday, the health department estimated. Dr. N. Sifritt, county health commissioner, said vaccinations will be given at LaRue school Thursday at 10 a. m. Prospect residents may be vaccinated Friday at the offices of Dr. John T. Boxwell or Dr. R. T. Gray, Dr. Sifritt announced.

Scheduled for this morning were vaccinations at Morral and Claridon. Dr. Sifritt was to be at Morral and Dr. Boxwell was to visit Claridon.

Vaccinations in other communities will be arranged later, Dr. Sifritt explained.

No further clues as to the origin of Marion county's first case of smallpox in nearly 20 years have been discovered since the visit Monday of Dr. D. P. Harris, chief of the communicable diseases division of the state health department. Dr. Harris confirmed diagnosis of the case, but was unable to find how the disease was contracted.

QUAKER OATS PLANT TURNS OUT DOG FOOD

Factory Begins Production of Its Regular Product.

Shift to the production of it regular product, Ken-L-Ration dog food, was announced today by officials of the Quaker Oats Co. plant on West Center street.

Start of production also will mark the return to the market of canned dog food, eliminated in the war years as a means of conserving critical supplies of steel and tin.

The entire output of the Marion plant will be the canned type food, company officials said. Quaker Oats Co. plants in Illinois will turn out cat and dog food of other types.

Until the present change in production the plant, which was opened here about a year ago, has processed horsemeat in cans for human consumption. Practically the entire output has gone abroad to France, Belgium and other European countries. Some was distributed through UNRRA.

The first of the new one-pound cans, covered with a blue and white label are expected to appear on the market within a few days. Plant officials were unable to estimate the future amount of production.

The post-war product carries a new seal bearing the following government approval "Inspected and certified by the U. S. Department of Agriculture." Plant officials said the Ken-L Ration product is believed to be the first brand to be eligible for this guarantee.

MOTHER OF 2 SHOT IN BUSY BROOKLYN STREET

"Glad I Did It," Says Murderess, Charging Husband Theft.

By The Associated Press

NEW YORK, May 21—A 31-year-old mother of two children was shot to death today off a busy Brooklyn street and an hour later a mother of three admitted the shooting because the victim "was running around with my husband," police said.

Deputy Chief Inspector William T. Whalen said a passerby who observed the shooting of Mrs. Margaret Tannazzo, 31, in a hallway off a crowded Brooklyn street, approached him while police examined the scene. He told the inspector he had observed the woman who fired a pistol standing in the crowd watching the police.

Inspector Whalen said he entered the crowd and drew out the woman whom he identified as Mrs. Philomina Scavone. He quoted her as saying calmly after questioning:

"I'm glad I did it. I won't have any more worry. She was running around with my husband and I asked her not to, and then I took things into my own hands. I'm glad I did it." Police said Mrs. Tannazzo was seeking a divorce from her husband.

Mrs. Scavone, 41 years old and frail, will be booked later today, Whalen said.

D.A.R. VOTES WAR ON "FALSE DOCTRINES"

By The Associated Press

WASHINGTON, May 21—The Daughters of the American Revolution today voted to "dedicate itself to the responsibility of keeping classrooms and public libraries free from false and insidious doctrines and interpretations."

The resolution on "teaching young America" was adopted unanimously by the D.A.R. convention.

In other resolutions, the convention:

Commended President Truman "for his endeavor to cleanse our public offices from alien and subversive influences and to require of all public servants unquestioned loyalty to the principles of our republican form of government."

Commended the house committee on un-American activities and the federal bureau of investigation.

Suggested that local chapters urge their state legislatures and boards of education to assure teachers just and adequate compensation.

The D.A.R. reaffirmed its opposition to federal aid for education on the ground that it would remove control of education from the states.

Voted to call upon congress to retain and enforce the 1924 immigration laws and further to continue registation of all aliens whether visiting or in temporary residence here.

Commended the radio networks and individual stations for their constructive programs for children.

County's Oats Crop Prospects Cut To 25 Per Cent by Rains

With Marion county farmers unable to get more than 25 per cent of the usual acreage of oats planted because of wet weather, continued rain now is causing considerable worry over prospects for corn planting.

Arthur Smith, county farm agent, today placed a 25 per cent estimate on the oats acreage for the the county as a whole. The usual acreage is about 14,000.

Some of the oats land will be planted in corn if weather conditions permit and the remainder likely will be planted in soybeans.

Plowing Delayed

Principal problem facing farmers now is the fact the corn planting season is fairly well advanced and few have been able to plow their land. Only nine more days remain until the first of June, which is considered about the deadline for corn planting.

Farm leaders say, however, the late corn will have a good chance to ripen if farmers turn to early maturing hybrid varieties for seed.

The soybean situation is not considered so acute, since this crop can be successfully planted as late as the middle of June. Because other crops were delayed by the rain, bean acreage is expected to increase in the county this year. Although acreage was down somewhat last season it has run as high as 40,000 in recent years.

Grass Program Aided

Work of the federal soil conservation service in inducing farmers to maintain as much of the land as possible in grass has received a great boost here because of the wet season, farm leaders point out.

While planting of other crops has been delayed pastures and meadows have been producing fine crops for summer and winter stock feeding.

Some hay crops, however, suffered severe damage from late winter freezes which came at a time when the ground was full of moisture. The damage, suffered principally by clover, was caused when the plants were lifted from the soil.

Wheat in the Marion county area also suffered considerable frost damage but spring rains have brought the crop along to the point where prospects are bright for a good yield.

BOY'S STATE DELEGATES

The evening's program was furnished by Grace Thomas, secretary of the Galion Automobile club, sponsor of the school patrol. A safety film was shown, and a talk was given by Patrolman K. N. Taylor of the Marion sub station of the State Highway Patrol.

Hostesses To Add Glamor To C. and O. Passenger Service

Special to The Star

CLEVELAND, May 21—Hostesses trained in everything from history to geography to warming baby formulas will aid and comfort travelers and add a glamor touch on the Chesapeake and Ohio Railway's crack "George Washington" train, starting today.

For the "George Washington," six young women have been chosen from hundreds of applicants for their personality, attractiveness, intelligence and courteousness. Their duties will be to see that passengers are comfortable, to provide information and to be generally helpful and attentive.

Later, hostesses will become a part of the personnel of all C. & O. main-line trains.

For the past month, hostesses have been given intensive training. They now have train schedules down pat and know every curve and mountain along the C. & O. route. When passengers exclaim over the beauty of New River Gorge in West Virginia, the hostesses will be able to tell them what and where it is, and to answer any other questions about the scenic country through which the C. & O. runs.

They must be able to help mothers traveling with small, fretful children, assist the aged and infirm in boarding and leaving trains and attend them enroute. And they will keep a protective eye on children old enough to travel alone.

Hostesses are distinguished by their uniform of medium blue tailored suits with matching topcoats and berets bearing C. & O. insignia, white blouses and black shoes and shoulder strap purses.

News of Our Boys

William H. Trafzer, son of Mr. and Mrs. Charles W. Trafzer of 489 McKinley street, Marion, and John D. Loren Jr., son of Mr. and Mrs. John D. Loren of Mount Gilead, members of the Naval Reserve Officers Training Corps at Ohio State university in Columbus, will participate in a summer training cruise in the Caribbean area from June 21 to Aug. 10.

THE NATION TODAY

National Science Foundation Wins Approval from Senate

By JAMES MARLOW
Associated Press Writer

WASHINGTON, May 21—The senate has just approved setting up a national science foundation. This is its purpose:

1. To build up a big supply of trained scientists, particularly by helping educate young people with scientific brains.

2. To do basic research in many fields. For example: to find the cause and cure of cancer.

James Marlow

The foundation won't become a fact unless the house also approves. It's expected to vote soon.

Money? That would be decided later. Some senators talk of letting the foundation have $20,000,000 to $30,000,000 a year to spend.

Spend how? This way:

1. As loans or grants to colleges, universities or other organizations to start or carry on research work.

2. On scholarships for young men and women to continue their scientific training. They'd be chosen on ability.

Many scientists, educators and others have urged congress to set up this foundation. It would work this way:

1. There'd be a top governing board, appointed by the President, of outstanding people in science, medicine, engineering, and so on.

2. From those 24, nine would be chosen as an executive committee to do most of the board's work, leaving the major decisions to the board.

3. There'd be a director, working full time, the board and executive committee members would only meet several times a year.

4. There'd be special divisions, headed by experts, in such fields as cancer, heart disease, biology, national defense, and so on.

The division experts, knowing their special fields, would know what kind of research work was needed most.

They'd make recommendations to the executive committee and the board for final decisions.

Richwood Services For Seniors Sunday

Special to The Star

RICHWOOD, May 21—Baccalaureate services for the 1947 graduating class of Richwood High school were held Sunday evening in the First Baptist church. Delivering the class sermon was Rev. Edward B. Brewster, pastor of the Richwood First Methodist church.

The organ prelude was "Allegro Moderato" by Capocci, and the processional was "Solemn March" by Faulkes. Rev. Donald Hobbs, pastor of the First Baptist church, gave the invocation and benediction, and scripture and prayer were by Rev. John Elwood, pastor of Richwood Central Methodist church. Two anthems were presented, "Grieve Not the Holy Spirit" by the Baptist mixed chorus, and "Thanks Be to God" by the Baptist ladies chorus. The recessional was "Festival March" by Stark.

The swift and unerring flight of bats in dusk and dark is made possible by a kind of natural radar.

COMING WITH CIRCUS—If you like something under your feet, you won't envy Hubert Castle.

He really likes to walk upon the nearest thing to thin air—a tight wire, and when the Cole Brothers Circus, comes to Marion next Monday for afternoon and night performances at the Drake show grounds will show how easily it is done—even going so far as to somersault from the wire completely through a hoop—one of the very few artists ever to accomplish such a feat.

Herds of performing elephants; companies of educated horses, ponies, and canines, and other spangleand features, are still other circus delights in store.

The performances, starting at 2:15 and 8:15 daily, open with a spectacle, "The Clown Is King," featuring Otto Greibling and Florence Tennyson, opera star.

F.H.A. Club Entertains Mothers at Sycamore

Special to The Star

SYCAMORE, May 21—The F. H. A. club entertained mothers, and the girls of the eighth and their mothers at a tea in the school dining room Tuesday night. The second degree was given to 14 girls. Thelma Ross welcomed the guests and Peggy Jean Roberts gave a reading. A quartet of sophomore girls, Bonnie Geary, Patsy Moler, Betty Walton and Lois Miller, sang. Cecelia Holmes outlined the work of the F.H.A. and Claribel Riedel sang a solo. The speaker was Miss Nancy Harman of Findlay. In a mock radio quiz prizes went to Mrs. Eldon Hartschuh, Mrs. Robert Riedel and Mrs. Warren Miller.

* * *

Members of the Y-Teen group of the high school were entertained at the school Friday night by members of the adult council group. Mrs. Lea Jean Ludwig, president of the council, welcomed the girls and other guests and bid farewell to the senior girls who were meeting for the last time. Mrs. Jesse Dunlap led devotions. Mrs. Charlotte Prouse gave a talk. Mrs. Eva Beitler talked briefly. Contests and stunts were led by Mrs. Virginia Geese, Mrs. Gladys Weininger and Mrs. Eva Baum. Miss Mary Tuttle and Gladys Ellen Ekleberry served. Miss Billie Van Gundia and her committee arranged the program.

* * *

Mrs. Lizetta Konkle was hostess to the Kind Words class of the Methodist Sunday school Friday afternoon. She was assisted by Mrs. Bess Gault and Mrs. Levi Niebel. Mrs. U. Z. Wickham, Mrs. Gault and Mrs. Seldon Lundy gave readings.

* * *

Gaza class of the Reformed Sunday school met at the home of Naamah Case with Hazel McEwen, Angeline Eyestone, Cleone Galbreath, Minnie Heck and Mae Frankenfield and hostesses.

Grace Wenner was program leader and Hilda Cofman led devotions.

Students with perfect attendance and the grade they were in are as follows: Joyce Witzel and Phyllis Witzel, first grade; Pauline Miley, third; Walter Bodley and George Yake, fifth; Donald Salyer, Erma Clark, Ray Klingel, Clifford Miley, Mary Shaver and Wayne Yake, sixth; Joan Healea, Jack Shoaf and Dorrence Retterer, seventh; Glenn Hutchinson and Jeanne Sparks, ninth; Vera Criswell, Mary Heiby and Doris Gruber, tenth; and Goldie Miley, eleventh.

Couple Exchange Vows In Richwood Ceremony

Special to The Star

RICHWOOD, May 21—The home of Mr. and Mrs. M. J. McElroy of near Richwood was the scene of the wedding Sunday afternoon of their daughter, Miss Phyllis McElroy, to James Stalder, son of Mr. and Mrs. L. R. Stalder of Richwood. The double ring ceremony was read by Rev. Hoffman, pastor of the Claiborne Methodist church. Candles were lighted by Miss Ruth Fisher. The bride, given in marriage by her father, was attired in a pink crepe street length dress. Her corsage held white carnations. Miss Dorothy McElroy, a cousin of the bride, and her only attendant, wore an aqua crepe street length dress and a corsage of pink carnations. William Davis was the best man. A program of music was played by Miss Elizabeth Haberman of Marion. The bride was graduated from Richwood High school in 1946 and the bridegroom served three years in the Navy. Mr. Stadler is connected with the Standard Oil Co. in Marion and Mrs. Stalder is an employe in the office of the Ohio Fuel and Gas Co. in Marion. Following the ceremony a reception was held at the home of the bride's parents.

Grand Prairie Group In Play at Green Camp

Special to The Star

GREEN CAMP — A large audience witnessed the presentation of the religious play, "For He Had Great Possessions," by members of the Grand Prairie Baptist church Sunday night in the Green Camp Baptist church.

The program opened with songs by the junior and senior choirs of the church, and a group of three songs by the Girls' Glee club of the Grand Prairie school. Between acts there were vocal duets by Clara and Edith Williams, and Betty and Minnie Hinton; a vocal solo, Clara Williams; clarinet solo, Helen Lyons. The music was directed by Miss Ruth Dreyer, music teacher in the Grand Prairie school.

Appearing in the play were Will Veness, Charles Riley Jr., Richard Brooks, Sam Foos, Robert Rae, Thelma Myers, Leota Lust, Gale Bryant, Betty Riley and Mary Rae. Mrs. Irma Myers was director and costumes were in charge of Florence Bryant.

Bucyrus Court Binds Breakin Suspect Over

Special to The Star

BUCYRUS, May 21—Richard Downing, 30, Bucyrus, arraigned Monday on charges of breaking and entering in the court of Mayor R. L. Hertzer, was bound to the grand jury under $500 bond. He is charged with the theft of merchandise and currency in the amount of $200 from the Club Recreation on Washington square last week. He was released under bond.

WAITRESS SATISFIES SOUL

Yields To Urge, Slaps Boss in Face with Squashy Pie.

By The Associated Press

JACKSON, Miss., May 21—Thirty-year-old Diana Guance, a former waitress, knows what it feels like to slap a pie in the boss' face.

It's "soul-satisfying," Miss Guance told reporters last night as she contemplated charges of assault filed against her by Chris Costa, operator of the Ritz cafe.

"I considered it for several days and then Monday I got the impelling urge," she related. "I held the pie in my left hand and tapped him on the shoulder with my other hand. He looked up. I slapped the delicious mess in his face."

The trial is set for Friday.

Kenton Boy Enters State Track Contest

Special to The Star

KENTON, May 21 — Kenton high school's one-man track team, Wilbur Brown, earned Kenton a seventh place among the 15 schools competing in the Bowling Green district track meet Saturday by scoring 13 and a fraction points. Brown's leap of 20 feet 10½ inches in the broad jump was good for a first. He took second in the low hurdles, third in the high hurdles and a tie for fifth in the high jump. He will be entered in the state meet in the first three events named on May 30-31.

LEGISLATURE IN HIGH GEAR

Ohio Assembly Speeds Work with Eye on June 16 Quitting Date.

By The Associated Press

COLUMBUS, O., May 21 — Pointing for mid-June sine die adjournment, both branches of the general assembly acted today to speed completion of the administration's $32,000,000 local government aid program.

The senate brought out for final legislative action a bill to turn over to counties the state's $500,000-a-year share of cigaret dealers' license fees, a proposal passed by the house last April 22.

The house tackled a proposal for $3,600,000 in state subsidies for care of tuberculosis patients. County, municipal and district hospitals would receive $1.25 a day for patient care and $1.25 would be credited to commissioner of the patient's home county. Counties operating without such hospitals would be allowed only the daily $1.25 per patient credit to commissioners.

Cleared by House

Cleared by the house and pending in the senate committees are other local government aid program measures which would provide $25,000,000 annually and allow cities to tax amusement admissions which yielded the $3,000,000 last year.

The house yesterday passed a resolution to quit work June 6 and return for sine die adjournment June 16. Senators took a dim view of adjourning that soon because of major work yet to be completed.

Representatives also approved a measure to permit zoning in unincorporated portions of counties or townships. The vote was 79 to 46.

Other measures passed by the house would authorize commissioners to abolish county welfare departments.

Introduced was a proposal to establish a single chamber legislature in Ohio.

The senate passed proposals to permit counties to contribute to non-profit hospitals, to fix a 15-year statute of limitations on inheritance tax collections, and to relax the ban against workers assigning more than 20 per cent of their pay by allowing them to make assignments for a pay period for necessities such as food and clothing.

Approved was a proposal to designate U. S. route 21 as the 33rd Division memorial highway. The road runs from Cleveland to Marietta through Massillon.

House Speaker C. William O'Neill said after a meeting of house leaders with the governor last night the Daniels-Cramer school bill would not be voted on this week.

Radioactive Cloud Complicates Atom War Underground Plans

By The Associated Press

WASHINGTON, May 21—The deadly potentialities of a "radioactive cloud" weapon are complicating plans for hiding men and machines underground in event of atomic age warfare.

But the problem of sealing off subterranean sites against poisoned air is under study, an article in the current unofficial service publication, Armored Cavalry Journal, said today.

The article was written before bomb maker Glenn L. Martin's disclosure last week on experiments by the army and navy to create radio active clouds. These clouds, covering a mile-square area, could be formed by a burst of radioactive matter released from an airplane.

Declines To Give Details

Martin's disclosure was made before a congressional committee, and he declined to go into detail on the method.

It was recalled several possible methods for spreading radioactive death have been suggested unofficially, including the release of dust or oil spray impregnated with radioactivity.

The advantage of this method over ordinary contamination of objects where the poison is transferred to the human by skin contact, is that inhalation of poisoned air presumably produces a much faster and more complete poisoning. And, because it is airborne, it seeps through the chinks of ordinary armor set up to protect against mere blast and heat.

The armed forces have been aware of the menace of radioactive air since last summer's Bikini atom bomb experiments. It was discovered there that even the use of a welder's torch or a grinding wheel would release into the air radioactivity which had adhered to solid objects such as warship fittings.

Ventilation Systems Vulnerable

In a discussion of the feasibility and possible methods of putting vital industries underground to protect them from air attack, the Armored Cavalry Journal said:

"Ventilation systems (for underground sites) now used could be vulnerable points in the impregnability of mother earth. Radioactivity might be able to transverse this system as could chemical weapons.

"However, proper plating could protect such a facility from radioactivity and sealing up ventilation systems and using emergency oxygen during attack periods, with the aid of proper decontamination systems could negate the effects of such attacks upon underground facilities."

WALLACE OUTLINES 3-POINT PROGRAM

By The Associated Press

SAN FRANCISCO, May 21 — A three-point program which would pledge American resources to elimination of depression and war is proposed by Henry A. Wallace, who asks "those who still shudder at the cost:"

"What will be the cost in wasted men and materials of a new depression? What will be the cost in property and life of an atomic war?"

Wallace last night declared he "spoke out" in Europe "because I believe that we shall never get peace until we get one world."

Declaring the United States is the only nation able to unify the world for peace, Wallace said: "This program to prevent depression and war is one around which Americans and all peoples of every race and creed must join for the sake of our common humanity."

The program proposes:

1 — A military settlement providing for enforceable world control of atomic energy, the internationalization of strategic areas, disarmament in weapons of man's destruction and the development of a world security system.

2—A political settlement providing for the final liquidation of Fascism, the settlement of civil war in Greece and China according to the principles of the charter, the fulfillment of the aspiration of unfree people and homeless peoples, and the growth of a world bill of human rights as part of an emerging system of world law.

3—An economic settlement providing for a 10-year program of world economic reconstruction underwritten by American resources and administered by United Nations agencies for the sole purpose of raising standards of living and serving the general welfare of the world.

"All this," he said, "is within our power."

Ohio State To Bestow Four Honorary Degrees

COLUMBUS, O., May 21—Four honorary degrees will be bestowed by Ohio State university at commencement exercises June 8, President Howard L. Bevis announced today.

Honorary doctor of laws degrees will go to James M. Cox of Dayton, newspaper publisher and former Ohio governor; Cecil Vincent Thomas, president of Penn college at Cleveland, and Rev. Frederick L. Brownlee of Bronxville, N. Y., executive secretary of the American Missionary association.

The honorary degree of doctor of science will go to Dr. Edgar C. Bain of Pittsburgh, Pa., vice president in charge of research and technology of the Carnegie Illinois Steel Corp.

All are native Ohioans.

It is estimated that the U. S. depression in the '30s caused the postponement of about 800,000 marriages.

Republicans in the Press

REPUBLICANS complaining that their party has been getting a bad press are suffering from a nervous condition shared by many who aren't inclined to blame newspapers, radios, sun spots, or anything but the difficulty of getting used to government by deliberation.

The public learned during the New Deal to expect a presidential edict over one weekend and approval by a rubber-stamp congress before the next weekend. Government by deliberation almost went down the drain. Everything was emergency and haste.

When war produced a real emergency, a badly-frightened congress broke all its own previous records for speedy compliance with the executive will. This was made to seem reasonable at the time by the plausible argument that speed would impress the enemy.

In other words, it has been 14 years since Americans learned to keep calm while congress deliberated, and the experience is nerve-wracking. It does not require a cabal of newspapermen to make it seem that way; the press is only reporting the visible aspects of a general condition.

The New Dealers didn't make their legislative record in a day. Even with the help of their "100-day spree" in 1933 and a legislative majority that reached back to the Hoover administration, they never satisfied those citizens who itched to legislate the United States out of one existence into another—and, they said, more abundant—one.

It can't be argued reasonably, therefore, that the Republican party should have undone the New Deal from January to June and set up an alternative program on the odd Sundays during that time. No one really has asked that much, except possibly some of the more restless Republican candidates for congress last fall.

The party's trouble with a bad press is really only its lack of practice in the art of taking criticism. Republicans were the critics so long that being on the receiving end of criticism is a strange experience. Naturally, some of them are bound to blame the press, just as people who don't understand looking glasses blame the mirror for what they see in it.

The fact is the Republicans are doing as well as can be expected, maybe better. There is nothing to be impatient about. But getting used to government by deliberation isn't the easiest thing in the world to do. When the Republican party tackled it, there was bound to be some grumbling. The grumbling doesn't originate with the press, but with the people.

New Car Prices

EVIDENCE that the National Automobile Dealers association is concerned about the number of 1947 models on used car lots comes in its advice to dealers to begin advertising local delivered prices of new cars. Dealers also are advised to maintain a continued check of their waiting lists to learn if customers intend keeping vehicles for their own use as well as to prevent duplicate or multiple orders.

The sale of slightly-used late model cars at exorbitant prices is described by the association as "a growing menace to the public and new-car dealers." While there is nothing illegal or disreputable in such sales, the number of 1947 models on used car lots is evidence that some are "getting while the getting's good."

Publicizing of delivered prices would help establish in the public mind the true prices for new cars in comparison with the prices asked by individuals or used-car dealers. It would not remedy the situation but it might make buyers a bit more cautious with their cash.

Names Don't Matter

IT WAS hard to understand the difference between Communists, Fascists and Nazis before World War II. All believed in the same thing—absolute power in politics. All believed, that is, in the doctrine that human beings should be governed by political authority without any limitation. They thought of the people as so many puppets to be manipulated at the pleasure of their masters. They were opposed to the revolutionary notion that people had a right to—and could be trusted to—govern themselves.

What they called themselves then and what they call themselves now didn't matter and doesn't matter. The names used in politics frequently conceal more than they reveal, anyway. Hitler and Mussolini called themselves socialists, to conceal what they really were. The men in Russia who call themselves communists are, by their own confession, not communists at all; they are members of a dictatorship which resembles state capitalism far more than it resembles communism. Even the self-styled "liberals" in the United States are about as far removed from liberalism as they can be. Liberalism—real liberalism—emphasizes individual liberty. It is a revolutionary doctrine, opposed to absolutism of all kinds.

Observers in Italy say many former Fascists are now active among the Italian Communists, who are expected shortly to try to overthrow that country. The information is not surprising. The difference between Communism and Fascism in Italy is the difference between names, nothing else.

News Behind the News

New G.O.P. Strategy on Tax Reduction.

WASHINGTON, May 21—The Republicans do not show it publicly yet, but certain of their congressional directors have become unduly scrupulous about pushing the tax reduction.

Fiscal Overseer John Taber, appropriations chairman of the house, has been working privately for more than a week on a scheme to hold the reduction bill in conference for several weeks after it passes the senate in order to see what happens statisally.

Quite quietly he explored such a possibility on the senate side (meaning with Taft) and indirectly even with the treasury Under Secretary Wiggins. He found a situation which indicated this might be done, although it had never been done before. Indeed, this was the basic inside Republican strategy behind the Taft decision to push the bill up currently in the senate and to pass it promptly.

The Democrats must have scented what was afoot. They came forward immediately with their public program to delay senate consideration until June 10. By that time, they said, they would know how much the Republicans can cut from the Truman budget. Actually, they knew the Republicans would fall short on economies and thus expected they would embarrass or prevent the tax reduction by June 10.

Political Jockeying

This is all rather clear political jockeying. The tax reduction would not be effective until next year (fiscal, beginning July 1) and no one has a convincing idea of how much business will earn and pay in taxes, or how much national income or federal revenue will turn out to be more than 13 months hence.

Most Republican congressmen believe that, as they promised a tax reduction, they should enact one; their proposed average cut of one fifth is mild; this will stimulate business, which is uncertainly working its way through a period of dislocation; that the first quarter earnings reports indicate business will be much better and therefore will pay more taxes than supposed.

Half-realistically the Democrats are trying to stall the Republicans by cooking up fearful reasons why the taxpayers should continue to pay terrific wartime rates, and let them spend the proceeds.

The Republicans would laugh off the challenge to their basic fiscal program were it not for one point. Actually—doubt this at your own peril—many Republican leaders privately suspect there may be such a depression as the old anti-Truman left-wing Democrats have been trying to advertise.

Buyer Resistance

Prices have already run so high as to encounter buyer resistance. Forecasts for the last half of this year and the first part of next do not by any means confirm that first quarter earnings will continue. Stock market figures have tended downward toward new lows despite the earnings statements.

The issue, therefore, is no longer clear-cut. The Democrats have a thoroughly mixed statistical-estimating game going on in Congress, causing many Republican leaders to worry, no matter what they may say publicly.

The first reduced tax payment is not due until Sept. 15. Actually the tax reduction bill could be held in conference until August, after passing the senate, without any trouble to the taxpayer, although the Republicans are similarly afraid Mr Truman will veto their bill and prevent them from getting two thirds to pass it over a veto.

No Contract—No Kinging?

King Haakon of Norway has been given a raise from 700,000 to 1,000,000 kroner annually.

And without picketing, too.

Even though it takes about five kroner to make a dollar, this is somewhat in excess of the 15 cents an hour for which most unions have been settling. In fact, US mine operators are apprehensive lest John L. consider this a new wage pattern.

Those who have followed the decline of monarchy are surprised at Haakon's generous new contract. Even with a tight union, royalty hasn't been doing so well in recent years.

Still, the NCL recognizes no rank. Those born to the purple can get in the red. And in Norway, everything is up but the mercury.

Moreover, it is necessary, even in these days, that royalty live almost royally. Front is as important to a king as a con-man.

It has never been put to the test, but most lawyers are of the opinion that the NLRB would uphold the bargaining, if not the divine, right of kings.

Ohio Society in 62nd Year

OHIO'S Historical society was 62 years old on March 12, 1947. Its beginnings were inauspicious, today it serves hundreds of thousands of persons each year. Its first location was a room in the state capitol, today it has 53 properties throughout the state, including museums, historic houses, historic and archaeological sites, monuments and markers, and natural history areas. Its headquarters are the Ohio State Museum, Columbus. The society engages in research in the fields of Ohio history, archaeology, and natural history, publishes periodicals, booklets, and books, maintains a specialized library, and provides an educational program especially for school children.

During 1946 the staff was reorganized both as to administration and function. The board has called upon the staff to emphasize its research program as well as education and publications.

Important work finished during the last year includes archeological and historical surveys of the Delaware Reservoir Area, the completion of the Bibliography of Ohio Archaeology, the most extensive of any in the country, the restoration of the historic house, Glendower, at Lebanon. The Harriet Beecher Stowe House at Cincinnati and Adena, the home of Thomas Worthington at Chillicothe, were received as gifts, and research and restoration were begun on them. Meanwhile, the routine of the staff continued and increased. New and valuable collections were received by several museums and the library. State archives were inspected and saved for future use. Three monthly and one quarterly periodicals, four booklets, and several miscellaneous items were prepared and published. Exhibits were developed and installed in museums and historic houses. The education department served 100,000 school children with special collections, and the society's radio program reached 350,000 to 400,000 children and adults each week.

The financial report, inserted in the annual report for the year 1946, recently issued, reveals that the society's financial condition is good. Total disbursements for the year amounted to $238,682, of which $107,260 was spent by the Ohio State Museum and Library and $131,422 was spent on the 31 State Memorials. The total state appropriation for the year was $205,423.

International Welsh

By The Associated Press

LLANGOLLEN, Wales — American visitors to Llangollen this summer will hear a polylingual medley of voices when Italian and Dutch choirs chant in Welsh. The first International Musical Eisteddfod ever held in Llangollen may sound more like Greek to them. Many European and several American choirs have already signed up for this traditional competitive gathering of poets and minstrels.

NOT TURNING ON A DIME, PERHAPS, BUT—

From News of Other Years

TEN YEARS AGO

It was Friday, May 21, 1937. Amelia Earhart, planning a second attempt soon at circling the globe in her "flying laboratory" was on the west coast preparing for an eastward hop to an undisclosed destination after a 900-mile test flight the preceding day in a plane which cracked up on March 20 in Honolulu.

Rev. George A. Schuliger, 26, pastor of St. John's Lutheran church at Windfall, died of a heart ailment in Mercy hospital at Columbus.

Mrs. Irene Thomas was reelected president and Mrs. Virginia Sorrells, secretary-treasurer in a meeting of the Woman's Auxiliary No. 179 of Marion Typographical Union No. 675 at the home of Mrs. Minnie Cull on Oak street.

A daughter was born to Mr and Mrs. Donald McWhester of the Harvey road.

A brief wind and electrical storm, which followed the warmest day of the year to date, left a trail of damage in Marion and vicinity. The day's high was 84.

William H. Clifton, 67, died suddenly of apoplexy at his home on East George street.

TWENTY YEARS AGO

It was Saturday, May 21, 1927. Captain Charles Lindbergh completed his non-stop flight from New York to Paris.

United States Steel common stock sold at $173 a share on the New York stock exchange shattering all previous price records in the history of that corporation.

Marion Council of the United Commercial Travelers completed arrangements for sending a delegation to the annual state convention in Ironton June 2 and 3. Official representatives were to be Stanley Strayer and E. H. Huggins.

Miss Helen Fern Price of Marion and Robert K. Michels of Waldo were united in marriage at Germantown by Rev. R. M. Morris, former pastor of the Waldo Methodist church.

William B. Burley of Marion was reelected president at the annual meeting of the New Bloomington High school alumni.

Nine new teachers were employed at a special meeting of the school board in the office of Superintendent J. H. Mason. They were Miss Florence Syferd, Helen Roby, Mildred Wetterauer, Mary Cook, Mildred Crow, and Mildred Riddle and Mrs. Floy Wideman, all of Marion, Miss Lyndall Miller of Bryan and Russell Dunlap of Columbus.

Miss Jane V. Slagle and Clarence L. Ross both of Marion were united in marriage by Rev. A. W. Swan, pastor of the Forest Lawn Presbyterian church.

"Heart of Scriptures"

President Truman has indicated that Exodus 20 (containing the Ten Commandments) and Matthew 5, 6 and 7 (containing the Sermon on the Mount) are his favorite passages of the Bible. "If you have these two, you have the heart of the Scriptures," the President has said. The President read the Bible through once before he was eight years old and three times before he was twelve.

Daily Bible Thought

God never allows his children to be utterly destroyed. He permits refinement through suffering, so they may learn the difference between righteousness and self-righteousness: "Judah shall be saved, and Israel shall dwell safely; and this is his name whereby he shall be called: The Lord our righteousness."—Jer. 23:6.

Eighteen-inch tall Jeffery Hudson, English 17th century dwarf, fought a duel with and killed a man four times his own height.

Button, Button

By JOSEPH and STEWART ALSOP

WASHINGTON, May 21 — The story of the President's search for a man to head the new mission to Greece sheds a sharp light on the peculiarities of the American government. This is a showcase post. The quality of the man named to fill it, and the record of his performance, will be the tests of the so called Truman doctrine, at home and abroad. It is a depressing commentary that the effort to fill a place of this sort seems to be managed on the principle of the old game of "Button, button, who's got the button?"

The first candidate was Brigadier General William Henry Harrison, an able, forceful official of the American Telephone and Telegraph company, with an admirable wartime record as an Army administrator, and no political experience whatsoever. The name of General Harrison was plucked out of the empty air, in the customary, oddly casual manner, somewhere in Under Secretary Will Clayton's division of the state department. The idea was that General Harrison would devote himself single-mindedly to Greek reconstruction, acting in all political matters as an automaton controlled by the state department.

General Harrison was on the verge of being gazetted when three things happened. First, persons with some practical experience pointed out that it was hard to transform any independent-minded, energetic man into an automaton and that General Harrison's lack of political experience therefore constituted a drawback. Second, it was suddenly realized that the psychological effect abroad would be very bad if an unadorned big business man were named to cope with the rotten right-wing regime in Greece. Third, General Harrison intimated that he didn't want the job anyway.

Senator Disapproves Ethridge

The man proposed as a substitute for Harrison was Mark Ethridge, whose astuteness, enlightened approach to politics and experience in Greece and the Balkans made him an obvious natural. His candidacy was supported by Under Secretary of State Dean G. Acheson, Secretary of Commerce Averell Harriman and others of influence. The President thought well of the idea, and the command was given to sound out the situation on the Hill. There, however, the project died aborning. Senator Walter F. George of Georgia had a distaste for it. Ethridge had incurred the senator's displeasure in his capacity as the progressive editor of "The Louisville Courier-Journal," or in some other way.

It did not matter that the place was vital, or that Ethridge's qualifications for it were indisputable. It did not matter either that although Senator George ended by voting for the President's Greek-Turkish aid bill, he had made no secret of his instinctive detestation of the whole business. The senator spoke, and thereafter all was silence and dismay.

Candidate No. 3, put forward by private friends but no doubt by his own request, was the lumbering former chairman of the war production board, Donald Nelson. The Nelson candidacy was a distinctly mysterious episode, since it appeared to arise from a desire to repeat in Greece the events of Nelson's foray into China. This well-publicized, well-intentioned venture produced little or no visible result except news photographs. A repetition of it in the urgent circumstances in Greece would have been a major disaster. Possibly this fact was brought to President Truman's attention. Possibly the President heard from certain of the wartime government officials, like Secretary of the Navy James Forrestal, who formed what may be called a negative admiration for Nelson in the WPB days.

In any event, although Nelson has the faculty of popping up again like a large jack-in-the box, he is not a good bet at the present writing.

Also LaFollette

The decision against Nelson was taken partly because the preference of the White House and the state department briefly lighted on former Senator Robert M. LaFollette Jr. Here again was a man of undisputed ability and political judgment, although without any foreign experience. Here also was a man whose views and record well qualified him to represent the true intentions of American policy. But in this case the worst defect of the President's personnel methods caused another failure.

When Franklin Roosevelt wanted a man for a difficult post, his way was to call him to the White House, give him enough blarney to make him feel soft-hearted; and then firmly announce that duty called. Very few individuals, if told by the President of the United States that their country needs and demands their services, are capable of turning a deaf ear. But Truman, unfortunately, has the rather different habit of sending an intermediary to sound out his job prospects. The intermediary — in the case of LaFollette, Secretary of Labor Lewis B. Schwellenbach — goes to the prospect and asks if he would "like" the job. And as happened with LaFollette, the prospect is generally preoccupied with his private affairs, impressed with the job's difficulty, and impelled to refuse at once. No pressure was placed on LaFollette to retract his refusal, thus there is now a vacuum, in which the names of persons as various as General Omar Bradley, Franklin D. Roosevelt Jr. and Ambassador to Greece Lincoln MacVeagh are rather vaguely floating.

Not Enough Consultation

To add to the impression of lack of system conveyed by this history, there is a further fact to be noted. While Senator George, a most pallid and reluctant supporter of the administration, was consulted about Ethridge, the man who put over the Greek-Turkish aid bill, Senator Arthur H. Vandenberg, of Michigan, has never been consulted at any point. It is this same absence of consultation which is causing Senator Vandenberg to hold up the excellent nomination of Francis Biddle to be United States representative to the economic and social council of the United Nations. Indeed, it is this absence of consultation which is causing the whole structure of bi-partisan foreign policy to lose strength daily. Perhaps a talk with Vandenberg would be a good place to begin straightening out the tangle. Having passed the bill, he might well succeed in inducing the senate to accept Ethridge as its administrator.

Takes California To Make Idaho Potato

By The Associated Press

BOISE, Idaho—The Gem State of Idaho is justifiably proud of the fine, big potatoes it grows, but now the secret is out—some of the credit belongs to California.

John R. Robertson, University of Idaho extension division potato specialist, discloses that Idaho potato growers have 432 lots of seed potatoes planted in test plots at Oceanside, Calif.

"The test plots are maintained to provide seed growers with advance information on the disease content of the seed they plan to use in growing the 1947 crop of certified seed potatoes," Robertson explains.

The Man Who Built A Better Mousetrap

We made our 1947 visit to The Man Who Built a Better Mousetrap the other day. He didn't seem any too happy over the business outlook.

"What's the trouble?" we asked.

"It's the reconfusion program," he said. "It's getting harder and harder to do business, and I have my troubles like anybody else. I made a big mistake in the matter of jingles."

"Jingles!" we exclaimed.

"Yeah. The jingle is getting to be more and more of a necessity for quantity sales. And it's hard to get a good mousetrap jingle. I listened to one yesterday. It ran—

Hickory, dickory dock,
The mouse ran up the clock;
The mouse was quite a lucky chap
The tenants didn't have a trap."

"Not bad," we said.

"Too highbrow," he said. "Got to get something the radio public can understand."

• • •

"What else is worrying you?" we asked.

"Well, mousetrap price resistance has set in. The customers will not pay $1.25 for my Better Mousetrap. The one that used to sell for two cents, I mean."

"That's natural. Aren't you asking a lot for a trap?" we inquired.

"I can't help it. Lumber's up. Wire is up. And the holes cost more," he replied.

"Holes harder to get?" we replied.

"Yes indeed. Producing holes ain't what it used to be. And the holes in a mousetrap are a big factor." A good hole-maker gets 100 per cent more than he used to. And he has the 16-hole week."

"How about making a mousetrap without holes?" we asked.

"I tried it," said the Man Who Built A Better Mousetrap. "It didn't satisfy the public, and the mice didn't care for it, either."

"How about making the hole synthetic?" we asked.

"I'm experimenting with that now."

"Has the buyer resistance really set in strong?" we asked.

"Yes. My road men report that a lot of people are boycotting traps and going in for cats. I may have to put in a line of cats to meet the problem."

• • •

"Are the retail stores overstocked?" we asked.

"I'm afraid so. You see thousands of merchants put in a big line of mousetraps when the controls went off cheese. It seemed a smart thing to do at the time."

"Why don't you all cut prices as President Truman asked?"

"Huh!" scoffed the Man Who Built A Better Mousetrap. "How can Truman ask us to do that in view of his housing policy?"

"What's that?"

"He's got conditions so snarled up that nobody can afford a house big enough for mice," he snapped.

• • •

The Man Who Built A Better Mousetrap then confided that he was trusting to one idea to keep in business. "It's a gadget by which a musical record is played when a mouse springs the trap," he whispered.

"What's the idea?" we asked.

"The public is entertainment crazy," he replied. "Wants music with everything."

"But how about the mice?"

"That's the problem," he admitted.

A Pound of Flesh

By TRUMAN TWILL

Most of the people in this country are trying to fool most of the people most of the time about being thinner than they are. The rest of us, being too thin, want to be fatter than we are. There used to be a man in Codington, S. D., who was just right, but he disappeared many years ago.

We thinsies have an easier time than the fatties, because our problem has a positive approach. We must sleep more, eat more, be outdoors more, laugh more, exercise more and so on. The dumpy fatties are told they must cut down on everything, which crushes their souls because they know they can't cut down on anything. They are fat by temperament, as well as by poundage.

Thinsies, on the other hand, have skinny temperaments to match their slats, bird legs, turkey necks and general all-round boniness. Or as Shakespeare called it—"a lean and hungry look." The reason we aren't fat and sassy is plain for all to see—our sour natures. But we have our moments!

We're having one—a confirmed double-checked gain of five pounds after 20 years of futile despair over lack of weight. Five pounds isn't enough to keep the wind from lifting us off our feet, or to make things any easier in a crowd o jostling women in a Christmas rush, but it's a net gain. It's a start.

There may be five more where the first five came from, and that would be 10 pounds, enough to impress an insurance company examiner and make old acquaintances comment favorably. Then five pounds more and five pounds more, and someone would shriek, "You're getting fat."

As a fat man, we would be different. We'd never complain, or wish we could be willowy. We'd never make a public nuisance of ourself by yapping about our diet, or suggesting there was anything unfair in hearty eaters wolfing their rations in our presence.

Whatever dieting we had to do we'd do in the privacy of our quarters. In the presence of others, we'd be what fat men are supposed to be, jolly, waggish, and full of jokes and groceries. We wouldn't complain about our clothes being too tight, nor make slighting remarks about the thin people present, to beat them to the remark they always make about the fat people present.

People would say, "There is the fat man I had in mind when they said, 'Everybody loves a fat man'." We'd wallow in our obesity and flaunt it. We'd point to it with pride and pat it with pleasure. We'd squeeze it up in blubbery rolls and poke it for our own delight.

Of course, it will take time. Five pounds is much of a beginning. It could even be a mistake in the scales. Also if it's a fact, another 20 years might pass before another five pounds show up. But this is fair warning to the fatties they will have a recruit, a scarecrow with a watermelon hidden under his coat.

Controlled temperatures the year round limit the increase of insect pests in the home, in plants, warehouses and retail stores.

Hotel Guests Cop Fewer Towels, Just Soap

By HAL BOYLE
Associated Press Writer

LITTLE ROCK, Ark., May 21 (AP)—Hotel guests are getting more honest.

"Since the war they don't take many towels and sheets," said J. H. Howard, a veteran house detective. "About all we lose is soap now. The souvenir collectors aren't much of a problem."

Hal Boyle

Howard has so many colleagues in the house dicks," Howard, a fatherly man of 65, a former law enforcement official. Hotels prefer this work men with background of police experience because they have learned how to handle embarrassing situations with tact and diplomacy.

Howard carries a police revolver but has never had to use it.

He walks from five to 10 miles a night during the 10 hours he is on duty. But his patrol is better than an outdoor beat. It never rains in a hotel corridor and rugs are a degree gentler than concrete pavements.

Good Life, Small Pay

Being a hotel detective is an interesting life although the pay is generally small.

"There's hardly a night that something new doesn't turn up," said Howard, such as the evening he met a soldier who cut one end off his pillow and dreamily shook it out the window just to watch the feathers float down. In Howard's opinion the soldier belonged to the poetic rather than the criminal type.

He said that most guests are easy to deal with and only about one a day in a 500-room hotel try to beat the bill.

His chief duties are three fold: to protect guests from their own carelessness, catch and evict occasional sneak thief prowlers and "see that the help doesn't run off with the hotel."

Forget To Lock Doors

"About twenty-five guests each night forget to lock their doors," he said. "But it's usually easy to spot prowlers. Most often they're young punks who think they can get away with murder and nobody will notice it. But they're not hard to handle."

Unless caught in an actual theft the prowler is quietly evicted without fuss or hullabaloo.

"uOr big problem is to protect our guests from themselves," said Howard. A constant worry in all hotels is the guest who drinks too much and falls asleep in bed while smoking.

"I saw one man go into his room pretty much under the weather," recalled the detective. "I peeked through the transom and saw him lying in bed snoring with a lighted cigaret in his mouth. I went in, took the cigaret and put it out. He never even knew I had come into his room."

Fun Hazard Warnings

Because of the series of recent disastrous hotel fires, hotels have posted placards warning against smoking in bed. Howard and two fire wardens regularly patrol the corridors to watch against this danger.

Howard has four simple rules which he thinks all guests should observe in hotels for their own welfare:

1. Be sure to lock your door before retiring or leaving your room.

2. Don't smoke in bed.

3. Check the location of the nearest fire escape before retiring.

4. Don't form new acquaintances among other hotel guests unless you know who they are.

"If you observe those rules," said Howard, "you can be sure of waking up in the morning safe with your money still in your pocket."

YOUR HEALTH

By HERMAN BUNDESEN, M.D.

Hay Fever Refugees

America has its refugees, too—the thousands of hay fever victims who annually pull up stakes and lease their homes for the duration of the hay fever season.

Unfortunately, there are thousands of others who are unable to afford time or money for this seasonal jaunt to pollen-free areas. These stay-at-homes must sneeze and bear the assaults of ragweed pollen — the substance which causes most of their trouble—as best they can.

A good many of them, to be sure, can be made less sensitive through the injection of gradually increasing doses of pollen extract. But such treatment, to do any good, must be given well in advance of the ragweed season and even then it does no always work.

For such people there is good news indeed in a recent report of Drs. Milford E. Barnes and Roland Rooks of Iowa City, which tells how, for very little trouble and expense, they can convert their own homes into pollen-free shelters.

The patient for whom the doctors devised this method, though extremely sensitive to ragweed pollen, was enabled to live at home in comfort and without medication of any kind throughout the hay fever season in a locality where the pollen count was exceptionally high.

This patient lived in a six-room house. The control program was adopted as a family project to protect both the patient and her baby. Incidentally the patient's father was also sensitive to ragweed pollen, and had for years been treated for this sensitivity.

To begin with, a complete housecleaning was carried out before the beginning of the ragweed season to get rid of any pollen which might have accumulated in the house, in the corners, on the carpets, or elsewhere. Storm windows were installed. These storm windows do not increase the indoor temperature and aid to a great extent in keeping pollen from sifting into the house.

All the doors and windows were kept closed except when the occupants had occasion to enter or leave the house through one of the doors. In two of the bedroom windows what are known as pollen filters were installed. These permitted air to enter the house but strained out all of the pollen.

Flowers and household pets were barred from the house. The members of the household were free to come and go as they pleased but the allergic members were instructed to wear a gauze face mask while outside of the home whenever it was possible to do so.

The entire cost of the installations was about $150. By this method, the house was kept virtually free of pollen and the patient was practically free of symptoms throughout the hay fever season. By the judicious use of face masks while outside the house, the patient was able to leave the house whenever she desired to do so. At times she discarded her face mask for short periods, but soon found that this did not pay.

If the patient developed symptoms of hay fever when she went out of doors, these would disappear within 30 minutes upon her return to her home. The baby showed no evidence of sensitization at any time, though taken outdoors every day, and the father spent the most comfortable season in years.

For persons who do not find it possible to go where pollen from ragweed is not present, this method of hay fever prevention would seem to be worthwhile trying.

Weddings

Mr. and Mrs. J. W. Severns of south of Marion are announcing the marriage of their daughter, Barbara, to William Hensel, son of Mr. and Mrs. Marcus Hensel of west of Marion, which took place Saturday morning at the home of the bride's grandparents, Mr. and Mrs. John Severns of Franconia avenue. Only the immediate families were present for the ceremony read at 10:30 o'clock by Rev. Wilbur Budke, pastor of St. Paul's Lutheran church. The attendants were Mr. and Mrs. Donald Hensel of near Marion, brother and sister-in-law of the bridegroom.

For the ceremony the bride chose a white costume with which she combined blue accessories and carried a white Testament upon which was a white orchid. Mrs. Hensel was costumed in a white suit and wore a corsage of pink carnations. A small reception followed the ceremony with Mrs. Paul Thomas of near Ashley presiding at the table. Later the couple left on a wedding trip to Indiana and Kentucky. They will make their home west of Marion.

The new Mrs. Hensel was graduated from the Claridon High school in 1943 and is employed at Blake's Florists. Mr. Hensel was graduated from the Marseilles High school and is employed with the Tri-county Stone quarry.

Announcement is being made of the marriage of Miss May Nolan of Cleveland, daughter of the late Mr. and Mrs. Frank Nolan, to Boyd Perry Freshour, son of Mr. and Mrs. J. W. Freshour of near LaRue. The single ring ceremony was read Saturday, May 17, at 6:30 o'clock in the evening in the home of the bridegroom's parents by Rev. Lowell Parish, pastor of the LaRue Baptist church. Attending the couple were Miss Kay Womble of Cleveland, and Clyde Freshour of East Cleveland, brother of the bridegroom.

The bride chose for her wedding a tailored suit and her flowers were a corsage of white rosebuds. Miss Womble wore a suit and a corsage of pink carnations.

Mrs. Freshour, mother of the bridegroom, was attired in a brown silk jersey dress and a corsage of red rosebuds.

Following the ceremony, a wedding supper was served at a table centered with a two tiered wedding cake and lighted candles. Bouquets of spring flowers decorated the rooms. Sunday, the couple left on a short wedding trip, and upon their return, will make their home at Painesville.

Mrs. Freshour has been employed as a teller at the Cleveland Trust Bank. Mr. Freshour was graduated from LaRue High school and served two and one-half years in the South Pacific and Korea.

Present at the wedding were Mr. and Mrs. Budbill of Cleveland, Mrs. Maurice Anewalt of Mentor, Mr. and Mrs. George Brant at Painesville, Mr. and Mrs. Raymond Coleman and daughters, and George Edward Freshour of Marion, Mr. and Mrs. Zell Owen and sons of Prospect, and Mr. and Mrs. Arthur Riley of Mt. Victory.

Mr. and Mrs. M. W. Ingram of near Fostoria, formerly of Marion, recently announced the marriage of their daughter, Mary Jane, to Paul Shultz, son of Mr. and Mrs. Arthur Shultz of Rising Sun, O., and also the marriage of their son, George to Miss Mildred Nyswander, daughter of Mr. and Mrs. Harold Nyswander of Fostoria.

Miss Shultz was married at an open church ceremony in the Church of God at Toledo on April 25. Reverend M. H. Hollis conducted the double ring service. Mr. and Mrs. Shultz are making their home in Rising Sun, O.

Miss Nyswander and Mr. Ingram were married May 5 at Tiffin, O. The couple are living in Fostoria.

A family dinner was held recently by Mr. and Mrs. Ingram in honor of the two weddings.

Mr. and Mrs. Jasper Ledley of near Richwood are announcing the marriage of their daughter, Clarabelle to Lewis Kuba, son of Mr. and Mrs. Fred Kuba of Richwood. The double ring ceremony was read Saturday, May 10, at 2 o'clock in the afternoon by Rev. J. W. Horne, at his home in LaRue. Present were the parents of the couple and Miss Margaret Kuba. The bride wore an aqua blue dress with white accessories and a corsage of red roses and white sweet peas. The bride was graduated from the Richwood High school in 1946. Mr. Kuba attended school at New Bloomington. They will make their home east of Richwood.

Plans were made for a sale to be held at the Marion County fairgrounds Oct. 10 when the Marion County Angus Breeders' association executive and sales committees met Monday at the county extension office. It was decided to hold a show in the morning with a sale in the afternoon.

Named as a sale committee to secure consignments of stock were Oscar Murphy, Harry Strine, Donald Foos and Lawrence Weiss. Present at the meeting were Paul Augenstein, Ellis Duprey, Wilbur Strine, Clifford Strine, Zay Augenstine, Ellis Durey, Dwight Hackathorne, Mr. Foos and Mr. Weiss.

Ladycops On Duty But Motorists Do Most of Whistling

By The Associated Press

PITTSBURGH, May 21 — This industrial city's "ladycops," sartorially perfect in navy blue coats and Wave-type hats, went on duty yesterday — but most of the whistling was done by passing motorists.

The women officers are directing traffic at school corners relieving 10 of their male colleagues.

"We like ladies down here," shrilled the children at Arsenal school.

"You can turn me in any time," commented roughish truck drivers and motorists.

The ladycops, empowered to issue traffic violation summons, can do that very thing.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that S.S.S. Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the S.S.S. Tonic formula which contains special and potent activating ingredients.

Also, S.S.S. Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on S.S.S. Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. S.S.S. Tonic helps Build Sturdy Health.

U.S. TO FLY REST OF ENGLISH BRIDES HERE

By The Associated Press

LONDON, May 21—The United States army, which already has transported 46,422 brides and babies of American servicemen from Britain, is in a hustle to transport the last 1,500 before the transportation office in Grosvenor Square shuts down June 20.

Congress has voted an extra million dollars so that brides who prefer can be transported by air instead of by sea. These last few days have been a little soft compared to the hectic days when pioneers processed through the reception camp in January 1946, when 451 arrived in the ship Argentina.

"We hope to get as many as possible dealt with while we are here," said Capt. M. W. [illegible] of Rochester, N. Y., who has been responsible for brides who have crossed the Atlantic in the last five months. "We don't know yet how many will apply to fly—but I imagine that there will be quite a lot of them."

Last year the brides left by the thousands from Tidworth in ships not completely converted from their wartime GI austerity.

Now in two's and three's, they may, if they wish, fly by commercial plane.

FRANK GEIGER RITES

KENTON, O., May 21—Frank Geiger, 82, died Monday at Antonio hospital following a one-week illness. He would have been 83 years old Thursday. He was born on May 22, 1865, in Seneca county and had resided in Hardin county for the last 16 years where he engaged in farming. Funeral services will be held at 1 p. m. Thursday from the Porter-Hull funeral home. Burial will be in Fairview cemetery. The body will remain at the funeral home where friends may call.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Rennel Concentrate. Pour this into a pint bottle and add grapefruit juice to fill the bottle. Then take two tablespoonsful once a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. You don't have to starve yourself; eat sensibly per instructions on bottle. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

FREDDIE SHAFFER

Singer, Comedian Here With Band

Scheduled to play four stage appearances Thursday afternoon and evening at the Palace theater is Freddie Shaffer with his all-girl orchestra. Headlining the stage bill are "Wee" Bonnie Baker, songstress and Mischa Auer, comedy star of a score of screen hits.

Tickets are now on sale at the box office. Playing on the screen with the stage show will be "That's My Gal," a technicolor picture starring Lynne Roberts and Donald Barry.

With her rendition of the song, "Oh Johnnie," Bonnie Baker gained nationwide recognition several years ago.

Mischa Auer, who became interested in the stage at an early age after coming to this country from Russia, had his best known part in the picture "You Can't Take It With You," which was produced in 1938.

PUBLIC WORKS CLASH AVERTED

Advocates Surrender to Demands of Economy-Minded Solons.

By The Associated Press

WASHINGTON, May 21—An agreement of house committee leaders apparently dissipated today a threatened clash between advocates and opponents of major public works authorizations.

Chairman Wilson (R-Ind) and Angell (R-Ore) of the flood control and rivers and harbors subcommittees respectively told a reporter they had decided to go along with those objecting to a big program this year.

Their attitude coincides with previously announced intentions of public works Chairman Dondero (R-Mich).

"Sentiment among committee members indicates that the majority agrees with the chairman," Wilson said. "We will hold hearings on individual projects but they will be kept over for inclusion in an omnibus flood control bill next year."

No Authorization This Year

Angell, ardent advocate of waterways utilization, said he did not foresee a river and harbors authorization this year.

Dondero contended that a huge backlog of projects made a new authorization unnecessary and undesirable at this time. Army engineers estimate the cost of these projects at $3,600,000,000. Completion would take many years on the basis of a normal peacetime appropriation of $300,000,000 a year.

Rather than recommend additional projects, Dondero said he'd go so far as to abandon some of those already authorized. Many, he suggested, should be reappraised and a large number of surveys for proposed projects cancelled.

Scale Down Projects

In fact, the public works committee has considered hearings with a view to "deauthorizing" some projects. In this category is the Dillon dam plan in Ohio authorized in 1946 at an estimated cost of $10,000,000.

Rep. McGregor (R-Ohio) introduced a bill to discard the Dillon project. Its cost now would be twice the earlier calculation, he said.

Rep. Griffiths (R-Ohio) is prepared, however, to oppose McGregor's proposal. Griffiths agrees to engineering changes but he is against deauthorization.

AWAITS TRIAL IN TOLEDO—Captured in Waterloo, Ia., Harold Lehaney (above) and his wife, who had disappeared from their Toledo, O., home April 26 after two small boys were found beaten to death, are back in Toledo awaiting trial on charges of first degree murder in the deaths of the two youngsters.

Robert S. Blake Wins O.S.U. Honor

Robert S. Blake of Marion, a junior in the College of Commerce at Ohio State university in Columbus, was recently elected to the senior men's honorary group, Sphinx, in recognition of outstanding academic and extra-curricular achievements, according to a news report received from the university today. The elections were made as a feature of annual U.S.U. "May Week."

More than 40 university students from Ohio and surrounding states were elected to the various class honorary groups.

A member of Delta Upsilon fraternity, Mr. Blake is a past president of the Council of Men's Organization, a past president of Scarlet Key, a member of Varisty O., and varsity basketball and baseball manager. He has taken part in these over a period of three years during which time he has been a student at Ohio State.

During the past year, he was a student member of the athletic board, a member of Student Center, a member of the traditions week committee, and also the junior men's honorary group, Bucket and Dipper, to which he was elected last year.

Blake is the son of Mrs. B. F. Blake of 266 South Vine street.

Richwood Man Acts On Pastors' Wage Plan

The Ohio Methodist conference which opened in Cincinnati today will be asked to guarantee ministers a basic wage, primarily for the benefit of rural pastors, The Associated Press reported. Rev. Edward B. Brewster of Richwood, president of the Ohio Methodist Rural Fellowship and legislative chairman of the national fellowship, said the proposal would be offered either this coming Saturday or next Monday.

Also at the conference Rev. Robert E. Miller of Mt. Victory was among a group of ministers received into full membership in the conference.

SECRECY RULES AT COAL CONTRACT TALK

By The Associated Press

WASHINGTON, May 21 — John L. Lewis and the mine owners settle down today, in an air of great secrecy, to bargaining for a new contract to keep the United Mine Workers digging coal after June 30.

Neither Lewis nor Ezra Van Horn, chairman of the negotiating conference, would disclose how much progress was made yesterday and Friday at preliminary talks between the UMW chief and those who represent 75 per cent of the nation's bituminous production.

Van Horn, who was referred to by Lewis as the conference spokesman, told reporters all he had to say was that the discussions would resume today.

Both sides made it clear they are abiding strictly by an agreement not to divulge what goes on in their negotiations.

Neither Lewis nor the operators would say whether the miners' chief had presented his terms for a new contract yesterday, although such a move had been expected by some of the producers.

Southern coal operators were not included in the current negotiations because they refused to take part in national bargaining.

The government's power to operate the 2,500 soft coal mines expires June 30.

The courts have held that the UMW contract with the government is good as long as the federal coal mines administration operates the pits.

Unless the bargaining between Lewis and the mine owners results in a new pact by the time the government steps out, it is likely the miners will resort to their old policy of no contract, no work.

Tip from Schoolboy Leads To Arrest Of Fugitive Ohio Pair

By The Associated Press

WATERLOO, Ia., May 21 — A tip from an 18-year-old high school student who noticed that a classmate resembled a girl's picture on a police circular led Waterloo police to the Harold Lehaney family, sought since April 26 following the death of a four-year-old Toledo, O., boy.

Police Chief Harry J. Krieg disclosed yesterday that Curt Glessner, of Waterloo, came to police with suspicions that a girl in his classroom was Wilma Lehaney, 16-year-old daughter of Mr. and Mrs. Harold Lehaney, who occupied the Toledo dwelling where both James Gleason, 4, and his brother, Gerald, 2, died within two months.

Glessner, Krieg said, saw a circular with pictures of all the Lehaneys, including a five-year-old adopted son, Gerald, on a bulletin board at the Waterloo police station.

The elder Lehaneys are under Toledo indictments charging first degree murder in both Gleason deaths. They disappeared 10 hours before James' beaten body was found. The case of Gerald Gleason, who died in March, was reopened after his brother's death. Both were sons of Mrs. Virginia Gleason, a war widow.

The Lehaneys indicated they would waive extradition, and maintained they were innocent of the charges against them.

11 HURT IN EXPLOSION

By The Associated Press

PITTSBURGH, May 21—Eleven men were injured early today when a boiler and furnace exploded at the Lockhart Iron and Steel Co. plant in nearby McKees Rocks.

Seniors in Shoshonean Club Entertain Employers at Dinner

Young women of the senior class at Harding High school who this year elected to combine practical experience at the desk or behind the counter with their class studies, were joined by their employers or representatives of their firms for the annual Shoshonean club employer-employe banquet Tuesday night at Hotel Harding.

Speaker for the evening was Harvey T. Gracely, president of the Marion Power Shovel Co. Miss Marjorie Seiter, president of the club, presided as toastmistress and a musical program was provided by Harding High school students.

The invocation was spoken by Rev. Howard L. Olewiler, pastor of the First Presbyterian church, and as a "get acquainted" gesture the young hostesses introduced themselves and presented their guests. For the musical part of the program Dick Wooley, accompanied by Miss Betty Jones played two trombone numbers, theme from Dvorak's "New World Symphony" and "Londonderry Air." English folk tune. Miss Barbara McDonald, soprano, sang "Thanks Be to God." Dickason and "Morning," by Speaks. Her accompaniments were played by Frederick Lacey. Completing the musical program were two piano duo numbers by Alan Cleveland and Frederick Lacey. They played "Caprice Viennois," by Kreisler and "Deep Purple," by Peter DeRose. The musical program was presented by L. G. Jones, director of music in the public schools.

Recalls Own Graduation

Mr. Gracely drew from his broad experience in the business world for his informal talk to the young women. The occasion, he said, provided him the opportunity to relive some of his school days and he recalled his graduation year when 41 seniors, including Homer Waddell, William Lusch, Dr. J. F. Neidhart, Norman Thomas, Harry Fles and others, received diplomas.

During the more serious part of his talk Mr. Gracely emphasized the importance of following certain fixed rules to gain results and this, he stated, applies in any business or industry, large or small or in the home should any girl choose the career of a homemaker instead of in the business world. Aptitude and personality are major requisites for success in any field, Mr. Gracely said. Turning to the topic of salesmanship he stressed the fact that every one in an organization, regardless of the number of people employed or the size of the business or industry is a "salesman" by their cooperation in the production field, quality of workmanship and interest in the success of their own career and that of their employer, Mr. Gracely was presented by Supt. E. E. Holt.

A. C. May Presides

A. C. May, principal at Harding High school, in presiding for the "one minute club" expressed appreciation to the employers for their cooperation. Russell Dunlap, coordinator and commercial vocational instructor, told of the schedule followed by the girls in carrying out their practical work. Miss Myra Pfefer expressed the club's appreciation to the board of education, Mr. Holt, Mr. May and the advisory board for making it possible for the girls to take the cooperative course and Miss Lavina Strine, on behalf of the club, expressed the appreciation of the club to the employers. Rev. Olewiler responded as an employer. Mr. Dunlap gave figures showing that more than 14,000 hours had been given over to their work by the trainees up to April 30 and that more than $12,000 had been paid in wages by employers. The hours, he said, also represented time spent by firms in guidance and conferences, and added that this meant more than money to the young women and their future. The advisory board was represented by J. G. Lytle and Jack Danner.

The tables were lighted with white tapers in low crystal holders and the speaker's table held a centerpiece of vari-colored spring flowers.

The club this year has a membership of 21.

Passage of Navy Bill Hailed as Economy Win

By The Associated Press

WASHINGTON, May 21 — House leaders today marked up passage of a $3,469,791,100 Navy appropriations bill as a victory for economy advocates and cleared the way for the next big 1948 supply measure, to finance the agriculture department.

The Navy bill, cut 11 per cent below President Truman's budget estimate, went through without a major change. The house hed agreed to permit three days for debate, but opposition to the reductions collapsed in a single session and the final vote came late yesterday.

There were reports that a sharper fight will develop over the agriculture $944,000,000 bill, scheduled to reach the house Friday.

The appropriations subcommittee which drafted it was called back into session today to consider last-minute changes.

May Claims Checks Were Lumber Firm Expenses

By The Associated Press

WASHINGTON, May 21—Former Rep. Andrew J. May testified today checks received from the munition-making Garsson brothers and deposited to his personal bank account were used to pay expenses of a Kentucky lumber company.

The former house military committee chairman is on trial on charges of taking $53,000 in bribes from his co-defendants, Murray and Henry Garsson, in return for official favors to the $78,000,000 Garsson shell-making combine.

The prosecution contends that May received a substantial part of the alleged bribes through Garsson financing of the Cumberland Lumber Company. May has denied getting any profits from the firm and has insisted he only acted as the Garssons' agent.

Herbert Calls For Navy Plan Support

Naval recruiting officers here in charge of the civilian naval reserve enlistment program now in progress today received a proclamation from Governor Herbert urging all eligible persons to support the program.

Known as "Operation Naval Reserve" the navy in the campaign this week is attempting to sign up 1,000,000 civilian reservists to form the basis of a rapidly expandable naval force in case of emergency.

Headquarters for the program here are in the sheriff's office in the courthouse.

JR. C. OF C. SEES FILMS AT DINNER MEETING

Two motion picture films, "The 14th Airborne in China" and "Army Intelligence" were shown to members of the Junior Chamber of Commerce at a dinner meeting Tuesday night at Hotel Harding. The films were presented by Mr. Chesrone, public relations director of the 831st AAF Depot at Shelby. Reports were given by members who attended the recent convention in Cleveland and members agreed to send a vote of thanks to Cleveland for the hospitality shown them.

Committees were appointed to draw up rules for the election of officers on June 3 and also to question members on their preference for the inaugural celebration. Members are undecided whether to have a dinner or a dinner-dance. The following committee will take charge of the questionnaire and later make arrangements for the affair: Don Allen, chairman, Blaine McCoy, Forest Sharrock and Bill Flach. Election committee includes William Noel, chairman, William Parks, Leo Belknap and Charles Baker. A vote of appreciation was given to program chairman, Chauncey Lake, for his work during the past year. It was announced one of the members, Charles McCalley, soon will move to Warren, O.

TELEPHONE INDUSTRY ASKS LEVY REPEAL

By The Associated Press

WASHINGTON, May 21—With the senate ready to open debate on the house-approved $4,000,000,000 income tax cut, the telephone industry asked congress to day to repeal the excise levies on communications.

This would save taxpayers another $400,000,000. The excise is levied on telephone, telgraph and other communications service.

The recommendation was placed before the house ways and means committee in statements submitted by the American Telephone and Telegraph Company, A. T. and T.'s associated companies, and the United States Independent Telephone association.

It was the first recommendation for a new tax cut in the committee's move toward general revisions of the tax structure, which Chairman Knutson (R-Minn) said should mean "substantial" tax reductions beyond the current $4,000,000,000 bill. The committee plans to write the general revisions into law next year.

The telephone industry asked that the communications excise repealer be made a part of the 1948 revision. The industry described this excise as a tax upon a necessary business and social service and not a "luxury" tax.

Meanwhile, in the senate, Senator Millikin (R-Colo) predicted that opponents of a 1947 income tax cut will reach their "high water mark" on a postponement vote—but that the mark won't be high enough to block the tax slash.

6 Die in Underground Raid on Arab Village

By The Associated Press

TEL AVIV, PALESTINE, May 21—Five Arabs and one Jew were killed last night during a raid on the Arab village of Taga for which Hagana, a Jewish underground organization, claimed responsibility.

Two buildings were demolished.

Hagana issued a communique saying "our counterattack was active retaliation" for a raid Sunday night by a band of Arabs, dressed in military uniforms, on the nearby Jewish settlement of Petah Tiqva.

Cloudburst Washes Out Part of B. and O. Track

By The Associated Press

HUNTINGTON, W. Va., May 21—Emergency track crews today repaired damage caused by a near cloudburst which washed out a section of Baltimore and Ohio railroad track between Pt. Pleasant and Gallipolis Ferry last night.

The washout, caused when an estimated three inches of rain fell on a 10-mile section within little more than half an hour, paralyzed operations on the B. and O.'s Wheeling division.

The Ohio River Bus Company said state route 2 was flooded and buses were delayed as much as two hours.

Upper Sandusky Coma After Joinir High School Frol

By The Associated Press

UPPER SANDUSKY, O., May 21 — Upper Sandusky returned to normal today—on the surface at least.

People got up when they were supposed to and sucked in the clean morning air and acted as though everything was all right. That is, they did until they remembered yesterday and the night that preceded yesterday's dawn.

That's one night few will ever get around here.

It began when School Superintendent Charles E. Davis and mothers and fathers of the high school's juniors launched an all-night frolic designed to shatter precedent and keep their boys from roaming all over Ohio after the Junior-Senior prom.

Davis had said: "We'll entertain those kids so they won't have the strength to engage in monkeyshines." They did—with reverse English.

From nine until midnight most of the town took in the prom.

After midnight the 160 students attended a buffet luncheon and movie at a theater. The skies from 3 a. m. to 6 a. m. called for a round of open house activities. The climax was a sunrise breakfast.

Then the town went to bed. Some got up around noon when classes resumed and shops opened. Others appeared at calculated intervals later in the day. Upper Sandusky was too whipped to do much more than sigh—about bedtime last night—and go back to bed to recuperate some more.

But it was normal today: that is, the folks remembered yesterday and got that tired old feeling over again.

CANTON CAB STRIKE END

By The Associated Press

CANTON, O., May 21—The taxicab strike touched off by removal of trip call telephones has been settled, the union and companies announced today. Both sides have agreed to submit management pay plan to arbitration. The strike, lasting 28 days, was against the Yellow, Aubu and Checker Cab companies.

MASS LYNCH TRIAL GOES TO JURY TODAY

By The Associated Press

GREENVILLE, S. C., May 21— A South Carolina jury was summoned today by circuit Judge J. Robert Martin Jr., to give an ultimate verdict in the unprecented mass-trial of 28 southern men who are accused of lynching a Negro.

Judge Martin planned to convene court at 1 p. m. He was expected to begin his charge to the jury then. The case probably will go to the jury about 2 p. m.

Final arguments in the lengthy case were concluded yesterday on a note of sectional prejudice.

Public Prosecutors Samuel Watt and Robert Ashmore demanded conviction—but not the death penalty—for 21 who are charged with murder, and for seven others who are accused of conspiracy and of being accessories before the fact. Although the state did not ask for the death penalty, a verdict by the jury of murder without recommendation of mercy would make a death sentence mandatory.

The state reminded the jury of eight textile workers, two salesmen, a mechanic and a farmer that they represented the public conscience of South Carolina in dealing with "a most damnable and hellish" case.

All 28 defendants—a majority of them taxi-drivers—are accused of participating in mob action against Willie Earle, who was taken from Pickens county jail last Feb. 17 and lynched in reprisal for the alleged stabbing of a white taxi-driver.

CIGARET TAX FOR VET BONUS PROPOSED

By The Associated Press

COLUMBUS, O., May 21—Sponsors of an extra cent-a-pack cigaret tax to help pay $300,000,000 in war veteran bonuses said today a real estate tax would not be needed to finance the program.

The house approved the bonus plan by a vote of 126 to 0 yesterday and returned it to the senate for concurrence in the cigaret tax and another amendment to pay the bonus of up to $400 to some 800,000 veterans regardless of rank. The senate plan had excluded veterans above captain in rank.

Rep. Lawell Fess (R-Greene), who sponsored the cigaret amendment, said it would yield about $7,500,000 annually and make a realty levy unnecessary provided a $7,500,000 bonus "starter" payment was kept in the pending budget bill.

The Fess amendment to add the cigaret tax carried 83 to 45. The levy would boost the state tax on cigarets to three cents a package.

Without the cigaret tax, house majority leader Paul L. McCormick (R-Logan) had estimated a real estate levy of 75 cents on each $1,000 assessed property valuation would be required. Other estimates ran as high as 90 cents.

The percentage of American families which have five children has been approximately halved since 1920.

52 County Seniors Graduated; LaRue Hears General Beightler

Commencement exercises for 52 seniors were held last night at LaRue, Claridon and Waldo schools, with 20 graduating at LaRue, 15 at Claridon and 17 at Waldo. Delivering the class address at LaRue was General Robert S. Beightler, commander of the Fifth Service Command at Ft. Hayes, Columbus. Closing the commencements in the county schools will be Prospect Thursday night and Morral Friday.

Gen. Beightler Speaks At LaRue Exercises

Special to The Star

LARUE, May 21—"Our safety lies in our strength," General Robert S. Beightler, former commander of the 37th Ohio division and at present head of the Fifth Service Command, told members of the graduating class and a large commencement audience here last night. In reference to world peace the general pointed out five things which he said would help to prevent future wars. First he said we must cultivate tolerance and strive for a better understanding with all nations, second we must keep ourselves informed about other countries; third, he said, we must maintain our scientific advancement. We must also keep a larger Army than we have ever had in peace time. Lastly he said that we must strive to make the United Nations organization work.

The salutatory address was given by the Irene Benson, and Betty Hoopes gave the valedictory. Supt. C. M. Barden presented the class to J. T. Jones, president of the board of education, who gave diplomas to the following: Loretta Adams, Winifred Jones, Charles Leeth, Martha Adams, Irene Benson, Mary Jane Daniels, Jack Olsen, T. L. Parker, Joyce Fletcher, Richard Ford, Loren Gillespie, Irma Lou Wall, Bob Rogers, Betty Greenawalt, Betty Hoopes, William Jones, Elizabeth Snyder, Delores Thompson and Virginia Trimmer. A diploma was also presented to the parents of Carl Albert, former member of the class now in the Army. Special scholarship awards were presented to Betty Hoopes and Irene Benson for honorable mention in the Ohio Senior tests by Don C. Burton, principal.

Musical numbers included selections by a mixed ensemble, a girl's sextet and the high school orchestra under the direction of Mrs. Esther Schlosser, with Miss Dorothy Knapp, pianist. Two members of the class, Irma Lou Wall and Joyce Fletcher, sang a duet.

General Beightler was introduced by Dr. Harry A. Hoopes of LaRue, who was a classmate of the general at Marysville High school. The invocation was given by Rev. L. D. Parish and the benediction by Father Edward Healey.

Commencement Service At Sycamore Set Friday

SYCAMORE, May 21 — The High school commencement will be held in the school auditorium Friday night with Rev. R. Lincoln Long as speaker. On Saturday night the alumni banquet will be served by the P.-T. A. in the school dining room. Paul Moore is president of that organization.

Sunday morning May 25 the senior class with members of the faculty will leave on a bus trip to Washington, D. C. and points of historical interest near that city. The chartered bus will be financed by money the class has in their treasury that they have earned during their high school course. The last day of school is scheduled for Monday May 26 when grade cards will be distributed.

The graduating class was addressed by Rev. C. F. Brouse, pastor of the Evangelical-Reformed church at the baccalaureate services Sunday night in the school auditorium. Rev. Brouse was assisted by Rev. T. H. Weisenborn of the Evangelical-United Brethren church. The processional was played by Mary Kathryn Ludwig. Music was furnished by the high school girls glee club and by a chorus of mixed voices and were led by Miss Billie Van Gundia with Miss Ludwig accompanying.

Aeronautical Engineers Develop "Silent" Plane

By The Associated Press

LANGLEY FIELD, Va., May 21—Aeronautical engineers have combined all known noise-silencing devices to produce the first "silent" airplane.

One of aviation's major developments in recent years is the way 200 experts here for a demonstration yesterday, describe the new ship.

Taken up above 300 feet the plane made only slightly more noise than a glider. Its five-bladed propeller, which revolves at a slower speed than the conventional ones but propels the ship at a higher speed, and an engine muffler contribut to its "silence."

BALLOT BOX REVOLT FELLS DENVER'S 20-YEAR MAYOR

World War II Veteran Sweeps Colorado Politician from Office.

By The Associated Press

DENVER, May 21—Denver's 20-year mayor, Benjamin F. Stapleton, was swept from office today by a ballot box revolt in favor of Quigg Newton Jr., youthful, politically independent veteran of World War II.

Thomas J. Morrissey, former U. S. district attorney, ran second to Newton with Stapleton a poor third to the 35-year-old attorney, who won his first political campaign.

Trailing far back were district Judge William A. Black and William Dietrich, an avowed Communist.

Stapleton, who served in the Spanish-American War, has been mayor for five four-year terms, the last three consecutive, and was bidding for the next four-year term which begins June 1. Opponents persistently accused him of heading a worn-out, "do-nothing" political machine.

Newton, scion of a family prominent in Colorado since territorial days, hailed the victory as one for "non partisan government."

SMITTY'S AND METAL TEAMS WIN GAMES

Marion Metal Products defeated Shanty Town Bar, 9 to 7, and Smitty's Bar and Grill won an 8-1 victory over Fairfield Engineering in softball games played Tuesday night at Crystal Lake Park.

In the Marion Metal-Shanty Town contest Harvey and Thome made home runs. Buchanan, Metal Products pitcher, struck out 12 Shanty Town players. Harvey caught for Metal Products while the battery for Shanty Town was Penn and Craig. Both Metal Products and Shanty Town marked up nine hits while Metal Products had two errors to four on the Shanty Town slate.

G. Lewis pitched a two-hit game for Smitty's in the second tilt. Fairfield allowed Smitty's seven hits. Smitty's made two errors and Fairfield made one. M. Lewis as catcher made up the other half of the brother combination on Smitty's battery. Herriot pitched for Fairfield and Mohr was catcher.

Scheduled for Thursday night are two games matching Huber Manufacturing against Universal Cooler and Schlairet against Marion Power Shovel.

Sunday at 2:30 Smitty's baseball team will meet the Ferri-Bob Grill nine from Columbus, and Sunday at 7:30 p. m. there will be a softball game between Smitty's and the Delaware Indians. Smitty's will play a second softball game at 8:30 with the Sycamore Merchants at visiting team.

Commercial Loop Softball Tilts Produce Little of Everything

A little bit of everything featured the four Commercial league softball games yesterday afternoon.

At Garfield park the Moose lodge and Tong Implement vied for the lead throughout their game and at the end of seven innings it was called with the score standing at 7 all. The game has been reset for two weeks from today.

Schlairet moundsman Biggerstaff turned in a three-hit shutout against Co. M while his teammates battered two pitchers to the tune of 13 hits and 14 runs at Crystal lake park.

Manager Somerlot of Schlairet paced the attack with a triple, two doubles, and a single and Reed smashed out two homers and a single in five trips.

McAllister built up a lead in the first four innings to nose out American Legion 4 to 3 at the Shovel diamond.

Roundtrippers were turned in by Garrison of the Legion, who also got two singles, and Kelly of McAllister.

DeMolay opened up in the first two stanzas and took Standard Oil 11 to 5 at McKinley park.

Score by innings:

OHIO STATE THINLIES MYTHICAL CHAMPION

Beat B-W Despite Dillard's Record Cracking.

By The Associated Press

BEREA, O., May 21 — Ohio State's crack cinder team today held the mythical Ohio track championship, despite the record shattering efforts of American hurdling champion Harrison Dillard of Baldwin-Wallace.

Stealing the show, Dillard equalled his world mark of 22.5 seconds for the 220-yard low hurdles and rolled up 16¼ points yesterday as the Buckeyes handed his squad its first 1947 defeat, 86 to 41.

Hurdlin' Harrison romped home seven yards ahead of teammate Norb Badgar in the low hurdles as he tied the record which he shares with Fred Wolcott of Rice Institute. Dillard set the mark last year in the annual meet of Ohio colleges.

The ebony speedster, who holds six national championship hurdles crowns, also set a new B-W field mark of 9.7 in the 100-yard dash, won the 120-high hurdles in 14.6, and was a member of the Yellow Jackets' half-mile relay team which set a new field record of 26.9.

Gunther Katzmar edged Lloyd Duff of Ohio State in the broad jump for B-W's only remaining victory and the flying Buckeyes swept the rest of the field to swamp the Jackets.

STILL HOPING—Eighty-seven-year-old George E. Kilpatrick has been bowling for 63 years and he still hopes for a 300 game. He manages to top the 200 mark consistently and he bowls with a team of men whose combined ages don't add up to his.

Championship Belt At Stake in Armory Bout

Billy Rayburn of Atlanta, Ga., and Duke Keomuka of Honolulu will meet at the armory Thursday night in a match to determine who wears the junior heavyweight division championship belt. They will wrestle in the main bout, two out of three falls, with a two-hour time limit.

In the one-hour semi-final, two out of three falls, Sammy Cohen of New York City will meet Frankie Klemons of Battle Creek, Mich. The preliminary will be a 10-minute match between Billy Bean and Ed Weary, both of Marion.

Scavo's Pinch Hit in Tenth Ruins Evening for Packers

By JIM DARBY

Marion won a fencing match last night at Lincoln park.

In the tenth inning of a pitching duel between Marion's Bill Rosin and Muncie's Ed Post, Managers Burbrink of the Cubs and Blazo of the Packers engaged in a battle of baseball maneuvering. Burbrink won.

Final score—Cubs 3, Packers 2.

With the score evened at two-all and one out in the last of the tenth, Burbrink came up and collected a single. Forbes fanned for the second out and the battle of wits began.

Burbrink Steals Second

Nelson went to the plate and had one strike called on him. Burbrink delivered the first thrust by easily stealing second. Blazo parried by deliberately passing Nelson to get at left-hander Meyers, batting against the southpaw slants of Post.

Burbrink countered by sending John Scavo to pinch hit for Meyers. On the first pitch, Scavo administered the coup de grace with a sharp single to left field which allowed Burbrink to score the winning run standing up.

Rosin, who allowed but four hits during the entire 10 innings, pitched no-hit ball until the sixth inning with 1,067 fans talking no-hit game. Then the Packers drew blood.

Double Plates 2 Runs

Post, who proved exceedingly hard for Rosin to get out, was safe on Bobzean's error. Then, with two out, Cappiello got a scratch infield hit for the first off Rosin. Wilson doubled to drive both runners in.

Rosin had no trouble subduing the Packers for the rest of the game, running his final strikeout total to 13.

Marion picked their favorite eighth innng for their rally. Wiebel walked and Bobzean singled. Then both runners advanced a base when Post threw the ball into center field, trying to pick Wiebel off second.

New Player Delivers

Dwight Maxhimer of Massillon, playing his first game for the locals, brought Wiebel in with a hard-hit to left field. His three previous trips to the plate had been fruitless.

He is playing his first year in organized baseball and arrived yesterday from Fayettesville, N. C., where he had been playing with that class B club.

In the fourth inning he made two fine catches of balls hard-hit to centerfield—one in left center, a moment later another in right center.

He is six feet tall, weighs 180.

Burbrink, whose runs batted in total is fatter than a playboy's bank account, brought the tying run in the eighth inning a moment after Maxhimer's fly scored Wiebel. The Cub manager sent a double scorching the grass clear to the centerfield wall.

Tonight the Cubs entertain Lima in a doubleheader starting at 6:30 p. m. Both contests are make-up games and are not on the schedule which originally called for an open date today.

Giants Lead Loop as Clint Hartung Delivers.

By The Associated Press

The startling renascence of the New York Giants is matched only by the almost incredible performance of its talented rookie phenom, Clint Hartung.

Last place finishers in 1946, the Giants today lead the National league and have won seven out of their last eight games on their western road trip.

Hartung began the season as an outfielder but allowed more base hits with his inept fielding than he accounted for at the plate.

Hartung last night turned back the Cincinnati Reds, 9-1 in a night game in the Rhineland, scattering eight hits, walking only two and fanning three. In addition, Hartung rapped out a triple and single as the Giants sailed into four Cincinnati pitchers for 15 blows.

The Cubs squeezed out a 3-2 11-inning decision over the Philadelphia Phillies at Chicago with pinch-hitter Lonnie Frey breaking up the game with a bases-loaded single.

Hank Greenberg singled home a run in the tenth inning that enabled the Pittsburgh Pirates to grab a 4-3 victory in a night encounter with the Boston Braves.

The Boston Red Sox trounced the front-running Detroit Tigers, 8-3.

The Cleveland Indians downed the Yankees, 4-2, in New York to sweep a three game series.

At Philadelphia, Bob Muncrief turned in the St. Louis Brown's first win of the year over the Philadelphia Athletics 11-1.

The Chicago White Sox turned back the Washington Senators, 7-4.

The scheduled night game between Brooklyn and St. Louis at St. Louis was postponed because of rain.

Tribe Tackles Red Sox Afte Sweeping Series with Yanke

By The Associated Press

BOSTON, May 21—The pitching of Don Black and a ca capable relief hurlers put the Cleveland Indians in "black ick the first time on their current eastern trip today as the red-hot skins moved into Beantown for a two-game series with the ci pion Red Sox.

Notching his third victory against three defeats, the refo "Bad Boy" of the Tribe mound corps limited the New York Yan to seven hits in 7 1-3 innings yesterday to give the Indians a 4-2 triumph. The win lifted their eastern record to four victories and three losses.

Allen Gettel, lanky ex-Yankee, and bespectacled Ed Klieman throttled the New Yorkers the rest of tre way as the Tribe completed its first three-game series sweep in several years in Yankee stadium.

Eddie Robinson, rookie first baseman, batted in two Tribe runs and scored another pair.

Charley (King Kong) Keller rapped his eighth homer of the year into the bull pen in the seventh to spark a two-run New York rally which tied the score.

Metkovich's two-bagger, a double by Robinson and a pair of walks in the eighth provided the margin of the victory which boosted the Tribe within two games of the first-place Detroit Tigers and a single tilt behind Boston.

Ballplayer Prospects Please Legion Coaches

Manager Nelson Irvin and assistants Larry Larson and Ted Anderson looked over a field of more than 100 aspiring baseball players at American Legion junior baseball practice and were not disappointed with what they have to work with this season.

First call for drills was issued for yesterday afternoon at Harding field after the scheduled drill Saturday was rained out.

Since announcement of the return of American Legion baseball, about 300 youths have indicated that they want to play ball, Irvin said that he had not expected to see every boy that signed show up and he was well pleased that as many showed as did.

Every boy at the practice was given an opportunity to work out as drills lasted for more than two hours. Drills will be held every day that it is possible for the first two weeks, Irvin said.

Several of the boys were members of the Harding baseball team this spring. They will probably form the nucleus of the Legion team. Also on hand were some St. Mary boys who were active in football and basketball for that school this year.

Some of the hopefuls were a bit young and don't stand too much of a chance of making the grade this season, but all showed the willingness to try that marks them for good bets on future Legion clubs.

The team will show its stuff June 11 in a game at Lincoln park with Lima American Legion. Theirs will be the first game. The Cubs play the Lima Terriers in the second game.

A drive is now underway to sell 4,000 tickets to this game. All proceeds from the game will go to the support of the Legion team.

Zanesville Whips Giants 9 to 4 To Keep OSL Lead

By The Associated Press

Zanesville's Dodgers and Marion's Cubs hewed to the pace again last night, remaining two and one-half games apart in the battle for the Ohio State league lead.

The Dodgers broke loose with a big five-run fifth inning, humbling Springfield's Giants, 9 to 4, to maintain their lead, and Marion grabbed a thrilling 10-inning decision from Muncie 3 to 2.

Dayton, meeting Newark in a twin bill scored five run in the ninth frame to win the opener 6 to 5. The nightcap was called in a 5-all deadlock at the end of the sixth. The league's ruling that no new inning may commence after 11:50 p. m. brought an end to five hours of baseball after Newark tied the score in the fifth.

Last place Lima dropped Richmond from a second-place tie, 3 to 2.

Championship Wrestling Match Thursday

Marion wrestling fans will see their first championship wrestling match in years Thursday when Billy Rayburn and Duke Keomuka hook up in the two hour main event at the Marion Armory. Watch the Thursday local paper to see who is the champion for they are wrestling the tie off in a tournament at Lima Tuesday night. The Lima Wrestling Commission is presenting the winner with a beautiful gold belt. Promoter Fishbaugh signed them for the main event in Marion with the understanding that whoever won the belt would put it up in their match Thursday. The belt is for the Junior Heavyweight Title and it was for open competition with over 40 men from all parts of the country taking part.

The one hour semi-final brings back two boys who haven't shown here for some time; the one is Sammy Kohen who hasn't wrestled in Marion for seven years, but there is little doubt that the fans will remember him well. Sammy has been touring the country and the Hawaiian Islands as the Red Devil. His opponent will be clever Frankie Clemons of Battle Creek, Mich., who hasn't seen a Marion mat in two years. Bill Bean and Ed Weary, two local youths will meet in the ten minute opener at 8:30. No advance in prices for this championship bout prices are 75 cents for general admission, $1.00 for ringside and 50 cents for the kids. Call Markert & Lewis early for your best ringside. — Adv.

Amelia Earhart's Mother Thinks Flier Was Taken by Japs

By The Associated Press

NEW YORK, May 21—Mrs. Amy Otis Earhart, 70, of Boston, is convinced her daughter, Amelia Earhart, was taken prisoner by the Japanese after her disappearance over the Pacific ocean in 1937.

Mrs. Earhart came here yesterday for a radio interview and said her daughter, at the time of her round-the-world flight attempt, was on a government mission "so secret that it was even kept from me." She said she had not discussed her daughter's disappearance publicly before.

"I think my daughter landed and was taken prisoner of the Japs," Mrs. Earhart said. "I have letters, documents and messages addressed to me that convinced me thoroughly that she landed on land."

She told of unsuccessful efforts she made to get Japanese consular officials to investigate.

The popular woman flyer appealed for help by radio on July 2, 1937, while circling the globe at the equator. Nothing further was heard, and a widespread Navy search produced no clues.

TOKYO, May 21—High U. S. army intelligence sources said today they have not received any information to establish that Amelia Earhart had landed and was taken prisoner by the Japanese during a round-the-world flight in 1937.

Programs on the Air

Charity triumphs over selfishness in a just but unexpected manner during "Unto The Least of These," the dramatization to be heard during the ABC broadcast of The Greatest Story Ever Told on Sunday, May 25, at 5:30 p. m. Based on the text from Mathew 25:40: "Verily I say unto you, inasmuch as ye have done it to one of the least of these My brethren, ye have done it unto Me," the drama tells of two brothers, one scheming for a high appointment for himself and thinking of nothing else, the other bent only on helping the poor and sick. A swiftly paced drama of politics and business methods of another era, the story has a surprising and fitting climax.

Gabriel Heatter entered radio by accident. Starting out in his teens as a copy boy on a Brooklyn newspaper, he worked his way up to court reporter and became interested in legal procedures through his work. He then managed to combine attendance at the New York University School of Law with his job, and was graduated in 1910. Other newspaper assignments followed, including a post as European correspondent. Eventually he tried free-lancing, and independent Station WMCA asked him to discuss one of his subjects over the air. His unusual delivery won him a job as a regular commentator immediately.

OHIO METHODISTS HIKE ENROLLMENT

By The Associated Press

CINCINNATI, May 21 — The Ohio conference of the Methodist church, already the largest in Methodism, increased its enrollment during the past year by 5,063 to bring its total to 289,003.

Rev. Ross C. Hurley of St. Paris, conference statistician, made the announcement in a report to the annual meeting today.

During the past year, he reported, the value of church property increased by almost $5,000,000 to a total of $30,984,415.

Dr. Lester L. Rousch of Columbus, executive secretary and treasurer, indicated in his report that the retirement fund level was below that of other denominations and industrial federal and state pensions. He said, however, that $1,025,000 had been subscribed toward raising the pensions to a comparable level.

Total receipts of the conference for the past year to the present time were $5,052,756, and increase of $731,874 for the same period a year ago, Dr. Roush said in a report on the general treasury.

Salaries paid pastors during the past year increased by $135,261 to a total of $1,321,602, he said.

Balloting began today for ministerial delegates to the general conference, the highest law making body of the church, which will meet in Boston in 1948.

4 OHIO CITIES HIKE TEACHERS' SALARIES

By The Associated Press

CLEVELAND, May 21—Public school teachers at suburban Parma have been awarded $300 yearly salary increases, plus new wage schedules ranging from $2,000 to $4,000 a year, board of education officials reported today.

Movements toward increased teacher salaries also were reported at Alliance board of education approved an increased minimum rate of $1,800, and a higher maximum rate of $4,000 for instructors in the Stark county city's public schools.

At Tiffin, board of education officials voted to earmark 80 per cent of all school income to provide for teacher salaries and increases to be worked out later by the board.

A new minimum scale of $1,560 was set at Fremont, with a $3,200 maximum established, while Kent instructors were scheduled to vote Monday on salary raises proposed by the Kent board of education.

MARKET DISPLAYS LITTLE BUOYANCY

By The Associated Press

NEW YORK, May 21 — The stock market displayed little buoyancy today although a few issues reached for further recovery.

Leaders generally held close to previous price levels in fairly active opening.

Near midday the list had a well-mixed appearance.

Pere Marquette issues spurted after the interstate commerce commission set June 4 as the effective date of its order permitting merger with Chesapeake and Ohio. The Pere Marquette common jumped 3½, the preferred 9½ and prior preferred 3 points in initial transactions.

Improved at times were National Sugar Refining, American Woolen, International Paper, Atlantic Coast Line, Goodrich, Caterpillar Tractor, Allied Chemical and Standard Oil (N.J.). Retreating were Schenley, U. S. Steel, Bethlehem, Chrysler, Goodyear, Pepsi-Cola, Kennecott, Hercules Powder, Union Pacific and American Export Lines.

Two Minor Mishaps Reported by Patrol

Two minor accidents were reported today by highway patrolmen. The first occurred at 6 p. m. yesterday in Cardington on Route 42 when a car driven by Paul J. Henry, 40, of Ashley collided with another driven by Kathryn M. Lucas, 43, of Cardington.

Involved in the other accident, which occurred at 8:50 p. m. yesterday on Route 30 just east of Iberia were Donald E. Halbert of Galion and L. W. Hoopes of Salem. Patrolmen said Hoopes was driving a semi-trailer north loaded with a power shovel when he met the southbound Halbert car and the edge of the shovel failed to clear the left rear fender.

LOVE'S PERILOUS PATH

By ADELE GARRISON

EVERY impulse within me yearned to gather Mary into my arms and comfort her.

But I knew that too much sympathy was the worst possible thing for her, although I was chagrined at the failure of my attempt to shame her out of her hysteria. So, as a compromise, I put my hand upon her heaving shoulders, and tried to make my voice a mixture of firmness and tenderness.

"I'll never give you up, Mary, as long as you let me help you," I said. "But when you shut yourself from me, refuse me your confidence, tell me that you want to get out of the world, what can I do except to turn you over to some one more capable than I am?"

"If you can't help me nobody on earth can!" she declared, then added hopelessly, "But even you can't lick this thing!"

I took my courage in both hands and "shot an arrow into the air."

"Suppose I should tell you, Mary, that I know what you are fearing?"

She whirled herself to face me and sat up again.

"You can't possibly!" she said, then caught my hands feverishly. "Oh, tell me! Tell me!" she said.

I pressed her hands tenderly, then looked at her steadily.

No Time Now

"I haven't time now to tell you anything," I said. "There are things which you must do quickly, and there are people you will have to see. But I want you to know and remember these things."

I waited for a second to let my words sink into her consciousness, then I spoke again.

"I am very sure that I know what your hidden fear is. I am sure of two other things: one, that you are exaggerating it: that it is not as bad as you think, two that no matter how bad it is, I can help you conquer it. And I want you to know that I shall devote every waking moment to you until we have beaten the thing which is so bedeviling you."

"But —I paused, hoping that it was an impressive pause—"I can do nothing without your aid. And I can tell you nothing more now. There are things you must do now. Will you co-operate with me?"

She flung up her head, and I saw the reckless resolution of the old Mary in her eyes.

"I'd co-operate with the devil, sell my soul to him if he'd help me lick this thing!" she cried. "And when I have the chance to have you help me, I can do anything. But Oh, we're fooling ourselves! It's no use!"

Tapped Her Lips

I tapped her lightly across the lips.

"If you say anything even remotely resembling that speech again," I threatened, "I'll slap you so hard that your cheek will be red for a week. Now, are you going to put yourself in my hands, unreservedly, or are you going to upset the apple cart like this every two minutes?"

She looked at me for a second, then yielded.

"I'll be good—as long as I can," she promised, and I knew that she could be pressed no further. "Tell me what you want me to do first."

"Take a shower—I'll help you—and get into some fresh things. You'll have your own bags today but just now you'll have to put up with mine."

"I'll try to,' she said, with a little moue at me that cheered me. She evidently was trying to play up and Mary's attempts at anything are very good indeed.

To Meet Four People

"Then make yourself as pretty as you can, and that will be something tremendous," I said, smiling at her. "You see you're going to meet four people, one after another, and I want you to be looking your very best."

"Four?" she queried, looking bewildered.

"Yes, four. First your Uncle Dicky who will come in only a half minute to kiss you good morning before he goes off to his own room to sleep. He sat up in the next room all night, letting me sleep on the couch."

"The darling!" she said fondly.

"Amen," I told her, then hurried on with my enumeration.

"The second person will be Aunt Katharine." I said. "She is going to care for you with me. Uncle Jack goes to South America this morning at six o'clock for my father, so she has plenty of time. The third person will be Di Twitchell, and the fourth, Noel."

"Oh-h!" she quavered. "I shall be ashamed to look at Noel!"

Superman By Jerry Siegel and Joe Shuster

WELL—TELL ME—WILL SUPERMAN BE ABLE TO RESTORE THE RECORD?
HE SAYS YES. AFTER TAKING A MEMORY PHOTO OF THE IMPRESSIONS LEFT IN THE ASPHALT WHERE IT WAS RUN OVER, HE LEFT.
MEANWHILE
WORKING EVERY GROOVE OF THAT RECORD INTO THIS WAX PURELY FROM MEMORY IS A TOUGH JOB EVEN FOR ME!
FINISHED AT LAST! DEXTER WILL BE ABLE TO BROADCAST MISS WHISPER'S VOICE TONIGHT AFTER ALL!
WONDER WHAT MISS WHISPER WILL BE LIKE? LIGHT OR DARK? TALL OR SHORT? YOUNG OR OLD? PRETTY OR UGLY? I'M DYING OF CURIOSITY MYSELF!

Gasoline Alley By Frank King

THERE'S THE KRITZER THAT'S BEEN SPYIN' ON US, BOSS
LET'S FIND OUT WHAT HE'S SO NOSY ABOUT, SARGE.
OKAY, WE'LL SLIDE UP ON HIM FROM TWO SIDES.
TAKE IT EASY. HE'S BEEN SLIPPERY SO FAR
I'LL MAKE A CIRCUIT AROUND THIS WAY.
I'LL MEANDER THE OTHER DIRECTION AN' CUT HIM OFF.

Joe Palooka By Ham Fisher

WE GOT A MATCH FIXED UP A BIG GUY USED TO BE A RASSLER AN' NOW A FIGHTER. GOT A BIG REP AROUN' HERE.
OKE NOW YA KIN GET THEM POSTERS AN ADVERTISIN GOIN'!

ME AN' HER WAS PALS AMN'S THE SWELLEST SKOIT EVER LIVED. AN' WIT' MY BRAIN AN' YOUR UH .. WELL .. YA KNOW, PUBLISSITY...
SURE SAY WHAT BUSINESS WERE YOU IN THIS TIME, JERRY?

Terry and the Pirates By George Wunder

TALLY HO, TERRY, MY LAD. DO YOU SEE WHAT I SEE?
WHAT DO YOU KNOW! IT'S OUR LITTLE PAL, ERMINE.
WELL, LET'S NOT STAND ON CEREMONY. THERE ARE THINGS TO TALK ABOUT WITH ..
NO! WAIT! PAT'S HOPING SHE OR THE FAT BOY WILL LET SOMETHING SLIP THAT WILL GIVE AWAY THEIR SCHEME. IF WE SCARE HER OFF WE MIGHT RUIN HIS PLOT!
YEAH, I GUESS SO, BUT... HEY! LOOK WHERE SHE'S HEADING FOR.
OH, OH! THIS I DON'T LIKE. THAT'S A TRAVEL BUREAU TICKET OFFICE

The Gumps By Gus Edson
